Village to expand recycling efforts

Antioch Village Trustee Marilyn Shineflug has announced the expansion of the village's recycling program.

According to Shineflug, beginning Saturday, Sept. 29, cans and glass will also be collected. The materials can be taken to the new collection center at Corona Ave. and Williams Park every Saturday from 9 a.m. to noon.

Accepted materials include clear glass, brown glass, green glass, aluminum cans, and steel (tin) cans. The center will not accept window glass, heat-treated glass (like Pyrex), or glass and cans improperly prepared.

To prepare, all glass and cans must be rinsed, with metal caps and rings removed from glass and paper labels removed from cans.

Mary Czapiewski has organized volunteers for the Williams Park collection center. Those helping are: Reed Ano, Sharon Blackman, Lori Christopherson, Walter Delaney, Jon Hanson, Joyce Knigge, Ki Lynn, Diane Neubiser, Rita Niemann, Sharon Olderburger, Patricia Santi, Stephanie Seemann, Claudette Skvara, Sue Stella, and Sharon Wild.

Also assisting are the Antioch Boy Scouts, the Rotary Club and the Village Environmental Committee.

Shineflug said volunteers are also needed to staff the glass and can drop-off center. Those interested should call the Antioch Parks and Recreation Dept. at (708) 395-2160.

This new center is added to the continuing newspaper recycling effort sponsored by the Boy Scouts, according to the village. Any type of newspaper may be taken at any time to the trailer located on Holbek Dr., east of the Public Works building. Paper products not collected at this site include telephone books, catalogues, cardboard and mail.

Board addresses traffic concerns

The Antioch Village Board is discussing the possibility of paving a new parking lot downtown.

Village Adm. Tim Wells told the board that another lot was needed to accommodate the extra cars that use up the municipal lot behind the stores on the east side of Main St.

"Those lots (the 12-hour spaces for store employees and two-hour spaces for customers) are apparently being taken up by what seems to be high school students," Wells said. "This new lot ought to take care of that."

He gave a guestimate cost of $2,000. In response, the board asked for a study to determine how mnay spaces can be placed on the lot. The village owns the land north of the 12-hour lot and is looking to use that.

"The street dept. is drawing up a sketch (of the space) to see how many cars can be put there," Wells said Tuesday morning.

He added that he believes the board will approve the paving if the number of parking spaces is around 40 and not five. He said he believes that won't be a problem.

Rescue Squad celebrates 50th birthday

See special insert

Rescue Squad to hold Open House

The Antioch Rescue Squad will hold an Open House Sunday, Sept. 30, from noon to 3:30 p.m. at 406 Orchard St.

The rescue squad building will be open for tours. There will be CPR demonstrations, an automobile extrication, and equipment demonstrations.

More corn than ever

Turn-of-century barn on Rte. 45 serves as picture post card backdrop for excellent stand of corn forecasting near record crop. Sweetcorn lovers are reveling in fact that late arrival of summer and unseasonal August rains have extended season for their favorite vegetable by almost three weeks. Supplies of sweetcorn still are plentiful at road side stands. —Photo by Lisa Benitez

How do you like them apples?

by PAT CHRISTENSEN
Lakeland Newspapers

It's fall again, and fall means apples! And the pickings are good in Lake County, which has a variety of apples and orchards to choose from.

Among the orchards there are similarities in the picking season, and differences in varieties available and prices. There are also some differences in what is available other than apples at the various orchards.

Quigs Orchard, in Mundelein features Paula Reds, Macintosh, Jonathan, Red Delicious, Golden Delicious, and Rome Beauty apples. All can be either picked fresh, or can be purchased, pre-picked, from the orchard.

Bells Orchard, in the Barrington/Lake Zurich area, offers Red Delicious, Golden Delicious, Macintosh and Jonathan apples. Again, all can be either picked fresh or can be purchased, pre-picked from the orchard.

Wauconda Orchard, near Wauconda, offers Macintosh, Jonathan, Red Delicious and Golden Delicious apples for picking, and Paula Red, Ida Red, Melrose, Empire, Rome Beauty, Winesap, and Cortland Apples for sale, pre-picked when ready. Wauconda Orchard also has raspberries still available to be picked as well.

Zieglers Orchard offers all varieties of apples for picking and for sale, pre-picked, including Macintosh, Cortland, Jonathans, Red Delicious, Golden Delicious, Double Red, Granny Smiths, Banana Apples and Late Winter Pears.

But no orchard lives by apple alone. Most orchards now feature a variety of other items for sale, as well as apples.

Bells Orchard offers a full-line of apple by-products, including cider, caramel apples, apple butter, pie, strudels and famous cider donuts.

Wauconda Orchards make their own cider, cider donuts, and fresh-baked apple pie. They also offer apple butter, turnovers, dumplings, caramel apples, and a cider shake. There is a country store at the orchard full of gourmet foods and other unusual items.

Zieglers Orchard features home-made strudel, cider, two varieties of honey (light and dark), apple bread, and other apple pastries. The orchard also offers chrysanthemums, gourds, squashes, Indian corn, pumpkins, and other fall decorative items.

Quigs Orchard has a country store with jams, jellies, cheeses, and a wide variety of sugarless items. They sell their own apple cider and also offer gift boxes and do gift packing during the Christmas season.

Prices will vary for apples picked off the tree and they will vary still more for pre-picked apples available for sale.

Where you go and what you pick is of course up to you, but no matter where you go it will be apple-picking season.

Tips for better picking:

Tips on picking vary somewhat. Quigs Orchard strongly suggests that customers come early for the best selection due to a light crop this year.

However Zieglers orchard advises that those interested in sweeter tasting apples might want to pick more toward the end of the month, since it is the cold nights, rather than the hot days, that make apples ripen best.

For the late, winter pears available at Zieglers, Helga Ziegler advises that, although the pears are a gorgeous red they will be a little bitter and very hard. She advises waiting until they are fully ripe or letting them sit a few weeks or more. If you do, she promises, the pears will be extremely juicy and sweet.

Wauconda Orchard strongly advises the use of plastic bags for storage of apples, since apples tend to keep better in plastic.

Helga Ziegler warns that honey listed as "apple blossom honey" might be slightly misleading, since bees don't tend to differentiate between blossoms and they are not routinely followed to see where precisely they collect their pollen, but a good, general rule of thumb is that the darker honey is from wildflowers and the lighter honey is from other blossom varieties.

Where to find some of the orchards in Lake County:

Zieglers Orchard
546-1228 (owners Helga and Josef Ziegler)
Open weekends only
West of Grayslake on Bacon Rd. South of Rte. 120 and North of Rte. 60

Bells Orchard
438-2211 (owner John Bell III)
Open daily 7 a.m. - 7 p.m. (Closed major holidays at 2 p.m. and closed Christmas and New Years Day)
1/4 mile west of Rte. 12 on Hwy. 22 in the Barrington/Lake Zurich area

Wauconda Orchard
526-8553 (owners Margaret and Richard Breeden)
Open 9 a.m. - 5 p.m. seven days a week
One mile northeast of Wauconda at the corner of Gossell Rd. and Fairfield Rd. in Wauconda.

Quigs Orchard
566-4520 (owners Bob and Marion Quig)
Open 9 a.m. - 5 p.m. seven days a week (while apples are available)
300 S. Rte. 83 at Rte. 60 and Rte. 83 a quarter-mile north of Midlothian Rd. in Mundelein.

***It is suggested that customers call the orchards in advance to get information on picking times, prices, and availabilities.**

KIT Club looking for members

The Kids InTouch (KIT) Club is looking for elementary school representatives around Lake County who would be interested in having the program in their schools. The KID Club, designed by Lake County InTouch, and funded through the Drug Free Schools and Communities Fund, teaches elementary school children drug abuse prevention, decision making, communication skills and cooperation.

The Club was initially conducted this spring in Fox Lake School Dist. 114 with students meeting twice a week after school for approximately three months. Response to the program by both participating students and their parents was overwhelmingly positive.

For more information on the KIT Club call Tracy Fessler at (708)223-6363.

FIRST EXAM IS FREE

Or $50.00 Off First Treatment

Our philosophy is to provide patients with the latest enhancements in podiatric care, comfort and convenience – combined with over 12 years of experience you can trust.

SPECIALIZING IN OFFICE-BASED TREATMENT

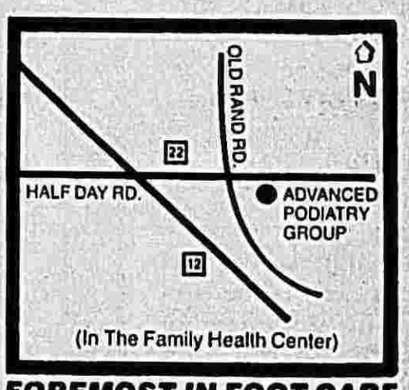

Laser Beam Technique is the most sophisticated in-office treatment available today. It replaces the surgical scalpel with a concentrated beam of light that penetrates the troubled area. It's effective in treating problems such as warts, fungus and ingrown toenails, certain calluses and nerve tumors. Recovery is shorter which means a quicker return to normal activities including work.

Advanced Surgi-Care Technique is also an in-office procedure proven effective for treating bunions, hammertoes, corns, calluses, heel spurs and other related problems. This type of treatment minimizes discomfort and speeds recovery because pins and casts aren't necessary. Advanced Surgi-Care Technique is the practical alternative to relieving foot pain and avoiding a hospital stay.

FREE FOOT EXAM

Your initial foot examination is absolutely free, or you can have $50 deducted from your first treatment. Plus most procedures are covered by your health insurance – including Medicare.

Antioch Woman's Club recounts 70 year history

By KATIE KUEHNER
Lakeland Newspapers

The Antioch Woman's Club retraced its history at a luncheon celebrating its 70th anniversary at the Gurnee Holiday Inn.

On hand to commemorate the anniversary were several past presidents, including Louise Vos, president in 1937 and Florence Pederson, 1981 president and current Women's Club 10th Dist. president.

Member Roberta Knirsch gave a brief account of the local club's development since its beginning at the special event earlier this month.

In 1920, members of the U.S. Boys Relief of WWI decided to continue their works by founding the Antioch Woman's Club. By the next year, the club had sponsored the library organization, donating books and finding a home for it in a local store. The club also sponsored the first Boy Scout troop.

With the outbreak of WWII, the Woman's Club bought defense bonds and made surgical dressing for the Red Cross. In 1946, the club became associated with the Veteran's hospitals and still continues to give parties once a month there.

Educational scholarships were instituted in the 1950s, in which the club recognizes the outstanding senior boy and girl.

In 1966, the Woman's Club helped form the Mental Health Assn. and began the annual Mental Health Ball to raise proceeds. The club also started a thrift shop for the association, manned by many club members.

In 1973, it took responsibility for a yearly birthday party at Winchester House in Libertyville, which continues today.

The club became a beneficiary of the Lakes Region Historical Society in 1981 and aided in the restoration of the old grade school.

In 1986, the Antioch Junior Woman's Club was formed, which works in conjunction with the senior club.

The club began sponsoring a "A Very Special Art Show" for Antioch high school students in 1987, providing cash prizes. In 1990, another educational scholarship was added for "High Tech."

The woman's club has also had a long-standing relationship with the Cancer Society by participating in the annual Christmas wrapping project and the July tag day.

Various organizations in the community have received monetary aid from the club throughout the years, demonstrating its commitment to Antioch.

This year, the club is also celebrating the Centennial year of the General Federation of Woman's Club, an international organization with 10 million members worldwide.

The club ended the historical recounting by echoing the words of a charter member in 1920, "Long live the woman's club."

The Antioch Woman's Club

(Front row, from left): Past Presidents Janet Brook, Florence Pedersen, Mary Ann Bicknell, Louise Vos, Ruth Jedele, Gerri Olson, Ann St. Pierre, Joan Toft and Alvera Morgan. (Back row, from left): Current officers V.P. Sharon Oldenburger, Treas. Evie Skidmore, Pres. Nancy Zitkus, Rec. Sec. Jean Droegkamp and Corres. Sec. Carol Wilson.

Athlete of the Week

Shane Werner , cross-country runner, is the "Athlete of the Week" for Antioch High School. Werner placed 3rd in the Mundelein Invitational and 16th in the Wauconda Invitational. Congratulating Werner are Coach Dave Judson and Clare DeMartini of the State Bank of Antioch. The bank sponsors the program and contributes $100 each week to the Parent/Teacher Scholarship Fund in the name of the athlete.

Cite drinking as cause of crash injuring two

Two Illinois women were seriously injured in a one-car collision on 259th Ave and 122nd St. in Salem, early Sunday afternoon.

A 1990 Mercury driven by Dawn K. Bowers, 24, Antioch, was traveling north on Rock Lake Rd. when it failed to negotiate a curve, left the road, returned to the pavement and went into a skid, left the road again and struck a tree on the west side of the street.

"The car was so badly damaged that rescue personnel used the Hurst Tool to extricate the women," said Lt. Louis Vena of the Kenosha County Sheriff's Dept.

The Flight For Life helicopter took a passenger, Sandra Lynn Carew, 24, Mundelein, to Milwaukee for treatment.

The driver, who was cited for driving while under the influence of alcohol and causing bodily injury while under the influence, was taken to Kenosha Memorial Hospital and Medical Center in Kenosha for treatment.

Church to hold annual dinner

St. Igmatius Episcopal Church will be holding its 37th annual Turkey Dinner Saturday, Oct. 6 at the Antioch V.F.W. Hall. Dinner will be served from 4 p.m. to 9 p.m. There will also be a cake sale.

Tickets for adults are $6.50 and for children under 12, $4. Tickets will also be sold at the door and carry outs will be available. For more information, call the church at 708-395-0652.

This year's dinner will commemorate the church's 75th anniversary.

Briefs

Oktoberfest

The German-American Club of Antioch will present its Oktoberfest at 8 p.m., on Sept. 29, at the VFW Hall on North Ave. in Antioch. Authentic music,dancing, food and drinks will be available. Everyone is invited to join in an evening of Gemutlichkeit. For ticket information, call Dorothy Jordahl, (708)356-5484.

PSAT tests

On Saturday morning, Oct. 20, Antioch Community High School will administer the Preliminary Scholastic Aptitude Test/ Merit Scholarship Qualifying Tests (PSAT/NMSQT) to members of the class of 1992. Registration for the examination started on Monday, Sept. 17 and will continue through Oct. 12.

GOP dinner

The Antioch Twp. Republican Club will be holding its annual dinner on Wednesday, Oct. 10, at the Antioch Golf Course. Guest speaker will be State Sen. Bob Kustra, candidate for the office of Ill. Lieutenant Governor. Tickets are $17.50 per person with cocktails at 6 p.m. and dinner at 7 p.m. A cash bar will be available. The public is welcome. For information, call (708)395-1377.

Book Reviewer

Virginia Carter, an established book reviewer, will be at the Antioch Public Library on Sept. 27 at 2:30 p.m. She will be reviewing several different books, such as, Breathing Lessons and The Oldest Confederate Widow and will include drawmatic readings.

PM&L to begin season with musical Sept. 28

by Liz Schmehl
(708)395-5380

Theater Time

It is showtime again in our hometown as the PM&L begins its 30th season with the musical, "Kismet". The show dates and times are Sept. 28 and 29, October 5, 6, 12, 13 at 8 p.m. and Sept. 30, Oct. 7 and 14 at 2:30 p.m. Reservations are essential because of the limited seating and must be picked up at least 15 minutes before curtain time. For more information concerning prices and reservations call (708)395-3055.

The director of "Kismet" is Donna Badke and the music director is Cathy Miller. The performers and members of the chorus are: Amy Alspenger, Hank Apostal, Ricky Apostal, Tricia Apostal, Mark Badke, Tom Badke, Larry Bersie, John Carlson, Mary Anne Dekker, Vaughn Filwett, Bill Finley, Cynthia Flanagan, Pierra Garafolo, Derk Gruber, Russ Gruber, Christine Hanson, Fran Jansta, Kristan Kirkegaard, Shane Kisner, Lisa Knigge, Jeannie Kolb, Linda Meshnert, Jim Nelson, Steve Newcomb, Jamie Nichols, Alice Scheske, Ken Scheske, Connie Sturm, Jessie Trovillean, Gigi Willding, and Steve Willding. Janet Reynolds is the stage manager, Nancy Manzardo is the stage and lighting designer, and Tracy Kiederlen is the pianist. Sounds like a fun evening to me. Maybe I'll see you at one of the performances. How about it, Elaine Lasky and Davis Simpson, when do we go?

Oops?

Some of us never get the opportunity to win at Bingo; on the other hand some of us do and toss it out the window. Am I right, Debbie Foerster? Debbie recently went to Bingo with a group of friends and in her confusion over playing a "Special" game she overlooked the number that would have awarded her a meaty pot of $75. By the time she realized her oversight, another number was called and the winnings went to the "more alert" Bingo player. Debbie was naturally furious with herself and had to relieve her disappointment the next day having breakfast at Hardees. Debbie thought the parking lot was exceptionally full and as she entered she quickly discovered why, there was a Bingo game going on!! Talk about rubbing salt in a wound!

New Faces

Camp Crayon opened for the fall sessions on Sept. 17 and there were two new cheerful faces on the teaching staff. Miss Marie and Miss Liz would like to welcome Debbie Mozal (Miss Debbie) and Joanne Weber (Miss Joanne) aboard.

Warm Welcome

I have been presented with the pleasant opportunity of welcoming a new family to the Antioch area. Last month Cathie and Kevin Radlein and their daughter, Kerry Gleason, moved to the Grass Lake area of Antioch from Niles, Mich. Kerry is a sophomore at ACHS and as a new student, she has been enjoying the experience of meeting all of her new ACHS classmates. Incidently, Cathie and Kevin are newlyweds. Therefore this move to Antioch is a new beginning for them in more ways than one. Welcome to Antioch, folks. I am sure you will enjoy all of the pleasantries Antioch has to offer and I am sure there are an awful lot of people in our "hometown" who will make you feel 100 percent at home.

Hometown Goodies

More Than One Concern

Picture this, it was 95 degrees plus. You could have fried an egg on the pavement. I went to help a friend tend her garage sale. My hubby dropped me and my white Schwinn off about 10 a.m. At 2 p.m. I decided it was time to mount my trusty vehicle and head home. I took a zip lock bag of ice cubes with me in order to keep slightly cool on my "long" journey back. After I was out of sight of my pals, I stuck the cold bag in the waistband of my shorts and continued on my way. Upon entering our area, I met up with another sweaty, friendly person jogging along. The jogger turned out to be my neighbor so I stopped to discuss the pitfalls of bike riding and jogging in the tremendous heat. However, my neighbor had other things on his mind as he was concerned about all of the extensive housing developments shooting up in and around Antioch. He was tormented as to what it was doing to Antioch's wildlife population. Now, I am not saying I agree or disagree with him, all I know is at that moment I had other concerns on my mind, like a melting bag of ice cubes in my pants and longing for the comfort of my air conditioned bedroom. I quickly suggested he write a letter to the editor voicing his concerns and peddled the remaining mile home. Now realizing I short changed his concerns, due to the heat, I will once again urge him and the rest of my readers who share his views to write a letter to the editor and/or contact our local officials to voice your feelings on the topic. I, too, love wildlike and hate to see the deer, raccoons, water fowl, etc. driven further away, not to mention the concern of over crowding our lcoal schools, and the increasing traffic on our roadways. I like to think provisions for all of the above are being considered. Let's hope I am right!!

Ride Em Cowboy

Speaking of my white Schwinn, do you recall the time the wind of those speeding motorcyclists almost blew me off of the road? Also don't forget they turned out to be friends of my daughter and we were reunited in my own driveway, proving there is justice in this world. To continue, I almost had a worse mishap one day as I was cruising along on "White Lightening." I ran over a stick and is popped into the spokes causing the bike to come to an abrupt hault. It reacted like a bucking bronco and I was almost thrown over the handle bars. Don't laugh, I could have been facing the world all bruised and scratched up. However, I hung on, shifted my weight, and brought things under control. Seems to me I may have missed my true calling in life, maybe "The Lizard" should join a rodeo!!

Bargains Galore

Let's see what topic haven't I entertained (bored) you with lately? How about those infamous garage sales? On a recent Thursday, Lizard and hubby had a very fruitful day hitting the local sales. We came home with a gorgeous igloo cooler, a marble rolling pin, electric trolling motor, and a power saw, all in "mint" condition and totaling under $25. Now that's what I call a bargain. I'm telling you, folks, follow "The Lizard's" lead and shop those sales. You will never find better bargains anywhere.

Translator Needed

I feel so sorry for little tykes just learning to talk trying to get their garbled messages across to the Lizard. Recently little 3 year old Tommy Marquart asked me to please get the "Suck Mints" from mom's kitchen cupboard. Bewildered by his request, I asked "Suck Mints?" He replied, "No, suck mints!" Thank goodness his mother, Cindy, was there to translate. Poor little fellow was asking for "Snack Mix." Sorry, Tommy, I'll do better next time.

Football Time

On Sunday, Sept. 9, the Antioch Viking Lightweights played their first game of the season on the home field. Antioch was victorious over McHenry with a final score of 26-0. Speedy Mark Mazur scored four touch downs and Bruce Davis caught the two passes after touch downs for the extra two game points. Defensive members, Jim Stevens, Sean Hanrahan, and Steve Golebiowski played an important part in holding McHenry to negative yardage while the offensive line did a superb job opening up gaping holes which helped Mazur succeed with the touchdowns. The Antioch Heavyweights were victorious over McHenry with a final score of 25 to 6. The Viking Seahawks conquered the Viking Eagles and the Viking Raiders were victorious over the Viking Bears 13 to 6. The Seahawks, Eagles, Bears, and Raiders belong to the Viking Featherweight division.

Bowls, Please!

We recently visited a local pizza parlor and what I witnessed there prompted me to write the following. A young woman, her husband, and their small toddling daughter were seated at a table within my nosey viewing range. As they waited for their pizza to arrive, the little one happily toddled here and there. Occasionally she would wander back to mom and dad's table. During a trip back, I heard good old mom ask if she would like an ice cube to suck on. I instinctively cringed. I thought no, not an ice cube, mom, it could make her choke. However, mom handed her the cube. The little one sucked on it for a time and then took it from her mouth. It slipped from her fingers and fell to the "dirty/germy" floor. I was flabbergasted when mom and pop allowed her to place it back in her mouth. ICK!! When the pizza arrived the child then toddled around with pizza bits in her hand. When Ma and Pa Kettle allowed her to eat a piece which she dropped, stepped on, and even sat on in an effort to pick it up, I was totally appauled. I was just about to inform them that even dogs eat out of bowls, but my husband announced it was time to leave.

Engagement

Graef-Frank

Mr. and Mrs. Gerald Graef of Antioch, announce the engagement of their daughter, Kathy Graef, to James Frank of Lake Villa, the son of Mr. and Mrs. Elmer Frank of Lake Villa.

The ceremony will be performed by Rev. Paul Naumann of Faith Ev. Lutheran Church of Antioch on Nov. 10.

The bride-to-be is a 1983 graduate of Shoreland Lutheran High School and a 1987 graduate of Carthage College earning a Bachelor of Arts degree in pre-physical therapy. She is employed as a physical therapy technician for Physical Therapy Services of Northern Illinois in Gurnee.

The groom-to-be is a 1979 graduate of Antioch Community High School. He is a employed as a laborer for Hadad Custom Home Builders in Antioch.

The couple plans to settle in Spring Grove.

Anderson's timing suits Sequoits just fine in win

They say there is a first time for everything, and as far as Antioch's football team is concerned, Chris Anderson's first field goal could not have come at a better moment.

Anderson was the hero as his field goal kick from 24 yards out proved to be the difference as Antioch rallied to edge Stevenson 22-21 Friday in Prairie View.

"He tried one last year but it was wide. This one went straight through," Antioch Coach Del Pechauer said.

"It was a good kick but the penalty called before it was ridiculous," Stevenson Coach Bill Mitz said.

The Antioch win was the first for the Sequoits, who are now tied with the Pats in the NSC at 1-2.

Stevenson looked like it had the game locked up as the home team enjoyed a 21-7 lead and was driving for another score but was stopped due to penalties.

"We're beating ourselves," Mitz said.

Mark Robich scored on runs of three and one yards and Chris Piggott caught a 36 yard pass from Aaron McCullough for the three touchdowns. Piggott was a bright spot for the Pats as he had three catches for 80 yards.

Dale Morgan scored Antioch's two touchdowns before the winning field goal, a second quarter run of eight yards and a fourth quarter run from the same distance.

"The kids were starting to have doubts but now they should have some confidence," Pechauer said.

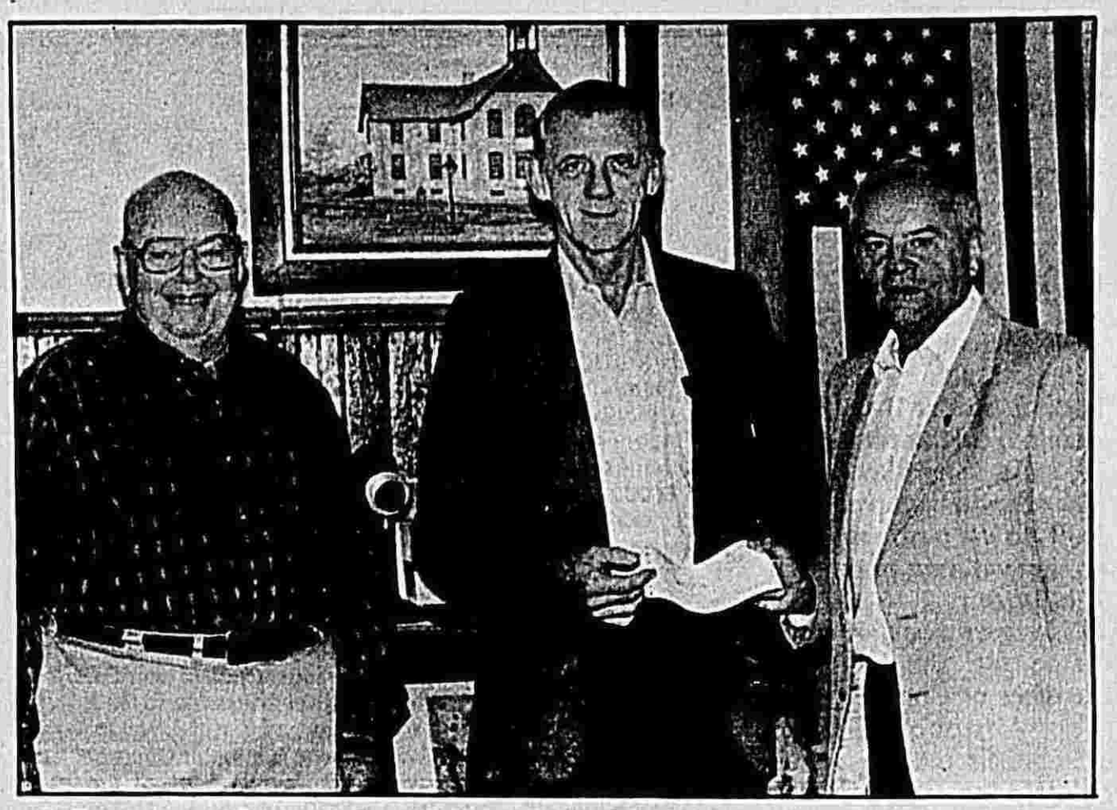

Antioch quarterback Dan Pappadakis turned in a good job at QB, coming off a shoulder injury suffered against Lake Forest. Antioch was held to 100 yards in offense but made the most of its chances.

Antioch hosts Warren Sept. 22 while Stevenson is at Mundelein. The Pats, coming off a playoff year and one-time pre-season favorites in the NSC, are not looking past the winless Mustangs.

"They were only trailing Lake Forest 14-6. They will knock off somebody," Mitz said of the Mustangs, 41-6 losers to the Scouts.

Receives Badge

Army Cadet Richard A. Cancellare has received the Parachutist Badge upon completion of the three-week airborne course at Fort Benning, Columbus, Ga. Cancellare is the son of Joseph A. and Lois D. Cancellare of Lindenhurst. He is a 1988 graduate of Antioch Community High School.

Lions donate to museum

The Antioch Lions Club donates $5,000 to the Lakes Region Historical Society. From left, Bill Brook, one of founders of the Antioch Lions and the historical society, joins historical society's president, Tom Pientha as he receives check from Lions' President Lou Santi. — Photo by Gloria Davis.

Letter to the Editor

Disappointing Board

Editor:

A letter signed "Silent Majority to Support Mayor Wilton" was distributed in the village several weeks ago. Would author of such letter please contact us? Through combined efforts we will begin cleaning house in April. Antioch desperately needs new trustees.

Working together, it's possible some questions might be answered. Questions being: Why does Chief Miller need an administrative lieutenant to assist him in his duties? Has the job become too much for one man or too much for Chuck Miller.

Why are we short of protection on third shift, sometimes only one man? Mr. Amundson, says this rarely happens, but once is too often. When personnel is unavailable shouldn't the chief fill in?

The day shift is well staffed and could certainly operate without Miller on these rare occasions.

When questions are asked of Chief Miler, why does Amundson or Welles supply the answers? Why do four trustees agree with the chief regardless? Is the prime objective to oppose Mayor Wilton?

Marilyn Shineflug says untrue allegations have been made about her. Perhaps so. It is true we campaigned for you Marilyn, but along with numerous other voters in the large plurality you so often mention, we realize we made a terrible mistake. You have disappointed too many too often.

Shouldn't our board of trustees begin supporting the village of Antioch?

Violet Badgley
Nancy Dawe
Antioch

Fencers give students lesson in ancient sport

The class may have started at the same time as usual at Millburn School.

Principal Gary Cybul gave a couple of morning announcements, there were a couple of happy birthday wishes and a music class across the hall sang the national anthem.

But in Janice Dempsey's physical education class this day took a decidedly different twists. The kickballs, basketballs and softballs stayed in the closets this Tuesday morning. Instead, fencers masks lined the stage as Glenn Buechele and Gordon Gandy prepared to give the students a lesson in fencing.

"We try and make physical education classes interesting and not just the traditional activities. Last year we introduced golf," Dempsey said.

The two fencers had held a workshop at the College of Lake County a few days earlier.

Both are accomplished members of the CLC Fencing Club, run by Fernando Delgado.

Buechele, a Warren Twp. High School senior, captured second place in the foil competition at the Prairie State games. Battles with fellow fencers were not the norm in the early stages of his training. "You drill over and over," he said. "It was something I wanted to do all my life."

Gandy, of Round Lake, has been in fencing for 13 years now. He is the state sabre champion and club president at CLC. He got hooked on fencing as a sport when he was a student at the College of DuPage, learning the techniques taught by coach Dave Wesler.

The CLC club will be host to a national meet at Pheasant Run in St. Charles and the Illinois state meet.

In addition to competition, the duo also travels to theatrical troupes, teaching actors fencing techniques they will need in such classics as Romeo and Juliet. A friend of the two fencers performs at the Bristol Renassiance Faire in Wisconsin.

Also, Gandy and Buechele were chosen to demonstrate the sport for a George Lucas films production.

Geo Karis at opening meeting of AARP chapter

A large crowd which included members from southern Wisconsin and the surrounding area, attended the opening meeting of the Antioch Area Chapter No. 387, American Assn. of Retired Persons (AARP).

President Ruth Rynders presided at the meeting. After the opening ceremonies she introduced special guest Sen. Adeline Geo Karis, who is also mayor of Zion. Geo Karis has an office in Antioch and is a popular figure in the area. The senator reported on several bills pending in Congress that will affect seniors, especially those regarding living wills, trusts, etc. She was accorded a standing ovation from the appreciative members.

Glen Peterson, tour chairman, is planning exciting trips for members in the near future and will have more details at the next meting.

The new program for the ensuing year has been printed and copies were distributed. Verna Youlden, who was in charge of the Salvation Army Donut Day drive last May, reported a total of $1,230.42 was collected by the chapter. She thanked all those who volunteered to tag for this worthy cause.

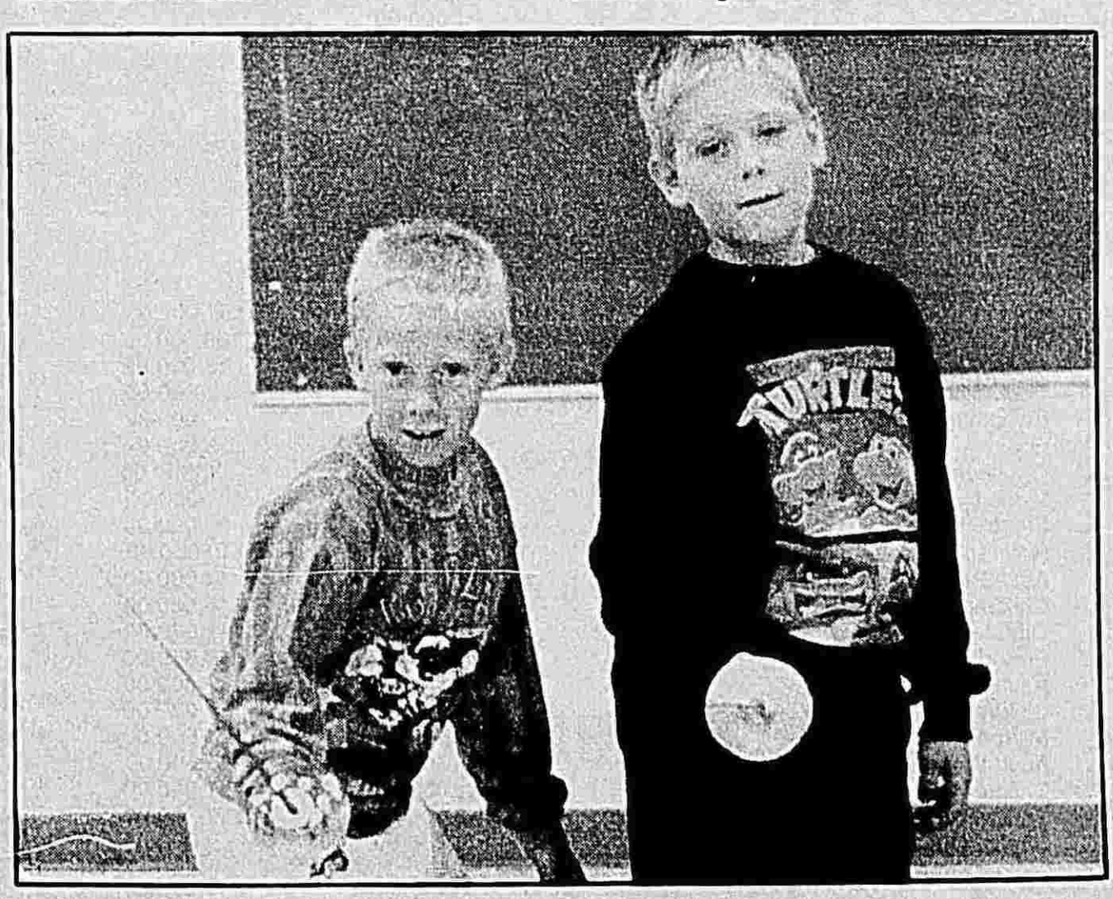

Former President Ceil Mann is not in Royal Terrace Nursing Home. Cards may be sent to 803 Regal Dr., McHenry, IL 60050.

Legislative Chairman Robert Ullrich asked members to write their Legislators and urge them not to tamper with Social Security in their effort to balance the budge. Ullrich will conduct a 55-Alive class Sept. 27 and 28.

The board voted at its last meeting to hold only one business meeting per month. Therefore, no business will be conducted at the meeting Tuesday, Sept. 25. Members will enjoy a brown bag lunch after which cards and bingo will be played.

Board meets

The Antioch Village Board meets on the first, third and fourth Mondays, at 7:30 p.m., at the village hall.

Future fencers?

Fencing took center stage at Millburn School as students learned the basics of the ancient sport. Jason Heynis, left, and Mike Wolfgram, both fifth graders, show proper positions.

Rotary to BBQ chops

The Antioch Rotary Club will be holding its annual Pork Chop Bar-B-Que and Auction, on Saturday, Sept. 29, at St. Peter's School.

Dinner will be served from 5:30 to 7 p.m. and the auction will take place from 7 to 9 p.m.

Tickets are available at the office of the Antioch Chamber of Commerce, in the Antioch United Methodist's old parsonage on Main St.

The price of admission is $15. One ticket includes the admission price, the dinner, auction participation and entry in raffle.

Award Buchanan

Shirley E. Buchanan, CIC, of Antioch will be awarded the CIC designation as part of the proceedings of the 39th Annual Convention of the Illinois Assoc. of Professional Insurance Agents, Inc.

PUBLIC NOTICE
STATE OF ILLINOIS
COUNTY OF LAKE, ss.
IN THE CIRCUIT COURT OF THE NINETEENTH JUDICIAL CIRCUIT, LAKE COUNTY, ILLINOIS

IN RE: THE ESTATE OF
ALLIE A. IRICK, Deceased

GENERAL NO. 90P 752

NOTICE FOR PUBLICATION WILLS AND CLAIMS

NOTICE IS GIVEN of the death of ALLIE A. IRICK. Letters of Office were issued on August 31, 1990 to DIANE JASCHOB LAWRENCE, 26211 W. Channel Avenue, Antioch, Illinois 60002, whose attorney is James Lumber, 397 Lake Street, Antioch, Illinois 60002.

NOTICE IS GIVEN to unknown heirs, heirs or legattes who are named in a Petition filed in the above proceeding to probate a Will, and whose names or addresses are not stated in the Petition, that an Order was entered by the Court on August 31, 1990, admitting the Will to probate.

You have the right within forty-two (42) days after the effective date of the original Order of Admission to file a Petition with the Court to require proof of the Will by testimony of the witnesses to the Will in open Court or other evidence as provided in Section 6-21 of the Probate Act (Il. Rev. Stat., Ch. 110-1/2, Sec. 6-21). You also have the right under Section 8-1 of the Probate Act (Il. Rev. Stat., Ch. 110-1/2, Sec. 8-1) to contest the validity of the Will by filing a petition with the Court within six (6) months after admission of the Will to Probate.

Claims against the estate may be filed in the office of the Clerk of the Court at 18 N. County Street, Waukegan, Illinois 60085 or with representative, or both, within six (6) months from the date of issuance of Letters and any claim not filed within that period is barred. Copies of a claim filed with the Clerk must be mailed or delivered to the representative and to the attorney within ten (10) days after it has been filed.

PUBLIC NOTICE
Secretary's Certification

STATE OF ILLINOIS
COUNTY OF LAKE, ss.

I, Ann Kakacek, do hereby certify that I am the duly qualified and acting Secretary of the ANTIOCH PUBLIC LIBRARY DISTRICT, Lake County, Illinois and as such am the keeper of the records and files of said District.

I do further certify that the attached hereto is a full true and complete copy of a certain ordinance passed, approved and adopted by the Board of Trustees on this 31st day of July, 1990 captioned:

Ordinance No. 90-4: An ordinance of the Board of Trustees of the Antioch Public Library District, Lake County, Illinois establishing the Budget and Appropriations for the Antioch Public Library District for the fiscal year beginning July 1, 1990 and ending June 30, 1991.

In Witness Whereof, I hereunto affix my official signature and seal of said Library District this 31st day of July, 1990.

Ann Kakacek, Secretary
Antioch Public Library District

BUDGET AND APPROPRIATION ORDINANCE 90-4
FOR THE ANTIOCH PUBLIC LIBRARY DISTRICT FOR THE FISCAL YEAR COMMENCING JULY 1, 1990 AND ENDING JUNE 30, 1991

BE IT ORDAINED BY THE BOARD OF LIBRARY TRUSTEES OF THE ANTIOCH PUBLIC LIBRARY DISTRICT, LAKE COUNTY, ILLINOIS:

SECTION I

It is found and determined by the Board of Library Trustees of the Antioch Public Library District (the "District"):

A. The tentative Budget and Appropriation Ordinance of the District for the fiscal year 1990-1991 has been made available for public inspection for at least 30 days:

B. Pursuant to notice published at least 30 days in advance, a public hearing was held on the tentative Budget and Appropriation Ordinance.

SECTION II

The amounts budgeted and appropriated for each purpose are as follows:

	1990/1991 BUDGET	1990/1991 APPROPRIATION
GENERAL FUND - INCOME		
Cash on Hand 7-1-90	$143,278.39	
Taxes, property previous year	157,200.00	
Taxes, property, current year	150,700.00	
Corp. Personal Property Rep. Tax	4,500.00	
Fines	4,000.00	
Non-Resident Fees	1,200.00	
Interest	5,000.00	
Gifts and Memorials	1,000.00	
Reader-Printer Fees	200.00	
Other Income	1,000.00	
Per Capita Grant	15,120.00	
Other Grants	10,000.00	
TOTAL GENERAL FUND INCOME	$493,198.39	
GENERAL FUND - EXPENDITURES		
Library Operations		
Salaries, Supervisory	$51,000.00	$51,000.00
Salaries, Library Personnel	108,000.00	108,000.00
Employees Benefits (Insurance)	13,000.00	13,000.00
Book Binding	2,000.00	2,000.00
Equipment Rental	800.00	800.00
Equipment and Furniture Repair	3,000.00	3,000.00
Telephone	2,500.00	2,500.00
Video License	300.00	300.00
Electricity	20,000.00	20,000.00
Reference Books	10,000.00	10,000.00
Adult Books	14,000.00	14,000.00
Childrens Books	10,000.00	10,000.00
Gift/Memorial Books	1,000.00	1,000.00
Periodicals	5,000.00	5,000.00
Adult Records and Tapes	2,000.00	2,000.00
Childrens Records and Tapes	1,200.00	1,200.00
Microfiche/film	4,500.00	4,500.00
Adult Programs	500.00	500.00
Children's Programs	1,000.00	1,000.00
Capital Outlay, Equipment	7,100.00	7,100.00

SECTION III

Summary of Budget and Appropriation by funds:

General Fund	$335,300.00	$335,300.00
Building Fund	26,350.00	26,350.00
IMRF Fund	32,000.00	32,000.00
Social Security Fund	18,000.00	18,000.00
Capital Improvement Fund	14,200.00	14,200.00
Eide Fund	500.00	500.00
Tort Immunity	7,900.00	7,900.00
Total	$434,250.00	$434,250.00

SECTION IV

The following determinations have been made and are hereby made a part of the aforesaid budget:

a. The cash on hand at beginning of fiscal year is $205,671.30.
b. An estimate of the cash expected to be received during the fiscal year, July 1, 1990 - June 30, 1991 from all sources is $433,270.00.
c. An estimate of the expenditures contemplated for the fiscal year, July 1, 1990 - June 30, 1991 is $438,818.00.
d. An estimate of the cash expected to be on hand at the end of the fiscal year is $200,123.00.
e. An estimate of the amount of taxes to be received during the fiscal year:
Real Estate Tax: $373,750.00
Corporate Personal Property $4,500.00

SECTION V

The unexpended balance of the proceeds of the General Liability Fund received from this Budget and Appropriation Ordinance shall be accumulated and allocated by the Board of Trustees either to the Special Reserve Fund created pursuant to Section 1005-10 or to the Special Reserve Fund created by the Taxing District Reserve Fund Act. (PA 84-205)

All appropriations shall terminate with the close of the fiscal year except that remaining balances shall be available until the 30th day of August for the authorization of the payment of obligations incurred prior to the close of the fiscal year and until the 30th day of September for the payment of such obligations.

SECTION VI

This Ordinance shall be in full force and effect immediately upon its passage, approval, and publication as required by law.

Passed and approved July 31, 1990

Hearts in the right place

Rev. John Gorman (far left), Auxiliary Bishop of the Chicago Archdiocese, Waukegan Mayor Haig Paravonian, Sister Dismas Janssen, Franciscan Sisters Health Care Corp. Chairman of the Board, and Dr. Fahd Jajeh, medical director of the new $1.5 million cardiac catheterization laboratory at St. Therese Medical Center, assist with the ribbon cutting at the official dedication of the new lab.

Oct. 9 registration deadline for voters

"It's time to remind everyone of the closing date for voter registration before the November General Election," announced Lake County Clerk Linda Hess. "The last date to register is Oct. 9. In November we'll be voting for the offices of governor, U.S. senator, County Board members, precinct committeemen, as well as other countywide and statewide offices.

"It seems when people move they just don't think about re-registering with their new address until it's too late. We never want to turn away voters on election day, but if folks haven't re-registered when they have moved or changed their names, we have no choice," Hess explained.

"So once again we would like to remind you to check your voter registration card. If you've changed your address or your name, please be sure to re-register, call us at (708)360-6628 and we'll check your registration for you."

College news

Amy Hicks, daughter of Mr. and Mrs. Jack Hicks, Lake Zurich, has started another year as a member of the Harding University Chorus, a group of about 80 singers at the University. Hicks, a sophomore majoring in music education, attended Lake Zurich High School.

Tough job ahead

Amid all the flying clods of mud and the barrage of negative 30 section television spots, Illinois voters face a difficult job ahead in deciding who is best suited to serve as governor during the coming four years.

It may boil down to ignoring what both Democrat Neil Hartigan and Republican Jim Edgar are saying now and evaluating what they have done in the past. Neither candidate is adding luster to their careers in public life with the way the 1990 campaign for governor is being conducted.

Campaigns, after, all are mostly preening, prosturing and parading. In an atmosphere of rancor and counter-punching, probably the best pathway to making a decision is going to be examining the past. That's what we're going to do.

This is going to put an extra burden on the press and political observers, those with both the duty and responsibility of speaking out who have accepted the arduous task of evaluating day in a day out our systems of government and the individuals entrusted to operate the systems. So we can pretty much close our eyes and ears to the gubernatorial campaign rhetoric and look to the past. History always tells a lot, usually more than we want to acknowledge.

Smelly situation

Sooner or later, in Lake County's transformation from a suburban-rural area to an urban environment, clashes are inevitable between who was first on the land and those who came later. In a nutshell, that spells out the basis of the conflict between Doug Daniels, a Buffalo Grove pig farmer, and officials of First American Bank, whose Buffalo Grove office is nearby.

The conflict is embodied in the fact that pig farms smell, which is similar to the long-standing battle between O'Hare Airport and neighboring villages where residents are offended by jet noise.

The Buffalo Grove controversy is the classic case of the newcomer vs. the old-timer. With the exception of O'Hare, where powerful political forces are supportive of the needs of a transportation facility, the old-timers almost always lose as the trend toward urbanization continues. Hang individual rights and "first come, first serve" doctrines.

The Illinois Environmental Protection Agency already is intervening on behalf of the bank on the grounds that familiar pig odors constitute a possible health threat in addition to being a nuisance. Mr. Daniels' days probably are numbered.

Begging for an answer is the question why the Village of Buffalo Grove ever let such a situation develop? Village fathers ought to have been aware of a commercial area abutting land used for agricultural purposes and utilized their zoning powers and land use authority to prevent a collision. The scary thought is that maybe they didn't care, preferring to let nature take its course, in this case, permitting pig odors to waft over the neighborhood. Cynical as this thought may be, it wouldn't be the first time that an officialdom bent on rapid growth and development, looked the other way at potential problems.

Farmer Daniels isn't to blame for hog B.O. Nor should the bankers be faulted, although they're probably a bit naive about what happens in a barn yard. The culprits are the Buffalo Grove officials who permitted helter-skelter development.

Letters to the editor

Using land both ways

Editor:

Through the efforts of the Lake County Forest Preserve many acres of American wetlands and forests remain protected. Not only for our future generations to enjoy, but also for the natives, the thousands of animals and bird species who inhabit this land.

You can help preserve America's backyard by selling your land at fair market value to be preserved forever while you live on it and after you're gone to the forest preserve instead of to developers.

Humans borrow the land, live on it for a while and then it should be turned back to nature from whence it came.

Sondra Fratkin Slovik
Lake Villa

No 'kangaroo court'

Editor:

I am writing in response to an article published on Aug. 31. The headline of that article read: "Parent Blasts 'Hazing' at Warren High." Your headline is misleading. There is no hazing at Warren High, the issue here focuses on a "kangaroo court" which involves members of the marching band only. I am a member of the Warren Band Boosters. I presently have a daughter in the band and have another daughter who graduated from Warren High in 1989, having played in the band for four years.

The "kangaroo court" mentioned in the paper has been going on in the band for as long as there has been a band. These kids work together for three weeks in August and they use this as an opportunity to bring a little fun into what they are doing and make the freshmen feel a part of the group. Believe me as a parent, and an interested one, nothing degrading or demeaning happens during this time. Freshmen are asked to carry instruments or garment bags for the seniors who experienced their own "kangaroo court" three years previous.

Barbara Fischel
Gurnee

Reselling plan in works

Editor:

All the properties being taken off the tax rolls and purchased for the Forest Preserve could have a complete turn around. In two or three years, when we taxpayers decide that all these purchases aren't what we can afford or aren't what we want, we will appeal to our County Board to put some of these properties back on the tax rolls. To my surprise, that is the plan. I guess I am honest enough to think that these governing bodies are working for us. To remove property from the tax rolls, have buyers out there and then put the properties back on the tax rolls to be purchased, and developers benefitting. This is not what people in charge of taxes should be doing.

Joyce F. Frayer,
Mayor
Village of Lake Villa

Letters Invited

Letters to the editor are welcome. They should be on topics of general interest, approximately 250 words or less. All letters must be signed, and contain home address and telephone number. The editor reserves the right to condense all letters.

Viewpoint

Housing group facing big-time obstacles

by BILL SCHROEDER

County government has launched a much-needed inquiry into how to provide affordable housing in a locality where housing costs are skyrocketing. Once again, county officials are on the cutting edge of a pressing social problem.

A 26-member task force was created by the Lake County Board in cooperation with the Lake County Economic Development Commission. The task force is charged with a simple mission: Determine strategies to make housing affordable for residents of all income levels.

Jeffry J. Pickus of Waukegan, task force chairman and head of a family business that has been building homes in the county for half a century, put it mildly when he observed that finding answers to providing affordable housing will be a "difficult task." Even defining what is affordable will be a mind-twisting chore.

An affordable housing project is underway in North Chicago with a starting range of $125,000. A contractor in the Ingleside area is selling homes like hot cakes at $90,000. Affordable housing in Libertyville is more than $200,000---rock bottom. Big-time developers in Gurnee and Mundelein are shooting at an "affordable" market of $185,000. What's affordable in Bannockburn or Wynstone outside of Wauconda? Try $750,000 or maybe a million dollars. A builder seeking approval of Fox Lake officials was almost apologetic talking about detached homes in the $145,000 range.

The stumbling block of defining affordable housing will be only a straw in the road compared to getting municipal cooperation on closing the gap in Lake County between the jobs being created and available housing. Robert Chave, director of the Lake County Dept. of Planning, Zoning and Environmental Quality, identified the goal and aim of the task force as "insuring reasonable housing in proximity to employment."

Chave is right on target in this observer's opinion, but he also is spotlighting an ugly fact of life---village officials speak an entirely different language when it comes to housing. The average village trustee's idea of new housing is a sprawling four bedroom executive mini-mansion(three-car garage a must), built on a spacious cul du sac with a green belt running through the backyard. The American "dream," to be sure, but out of reach of thousands of citizens who will be needed to fill the jobs available in the state's third largest county and one of the richest counties in the nation.

Cranston Byrd, director of the Lake County Economic Development Commission, referred to education being a vital part of formulating an affordable housing strategy. You bet. That may be the key part of the whole process. Educating municipal leaders on how to achieve affordable housing.

Sadly, Pickus mentioned that the municipal sub-committee is yet to be formed. Where's the leadership at the village level? Forward thinking leaders representing the municipalities must become enthusiastic members of the task force or county government is on another collision course with the villages.

★★★★★★★

LABOR TROUBLE---Almost 10 years of labor tranquility on the education front may come to an end in the opinion of Mark Reinstein, regional director of the Illinois Education Assn., a union representing the majority of teachers in Lake County. And if labor peace ends, it will be in Wauconda, predicts Reinstein. "The school is daring us to go on strike," Reinstein declared in discussing negotiations for a new contract. Last Lake County teacher strikes were in 1982-83 when teachers at Grayslake and Kildeer School located near Long Grove walked out.

★★★★★★★

CHANGES---Demographic changes in this locality were underscored emphatically when officials of Hawthorn Elementary School covering parts of Vernon Hills and Mundelein discovered to their surprise an enrollment this fall of 161 students who use a language other than English. Supt. Thomas G. Oakson said the annual budget is going to be revised to hire a bilingual teacher who can converse in Spanish. There are other districts in Lake County that have been teaching Spanish as a second language for years.

★★★★★★★

MAGIC?---Joe Vogeler is a businessman, not a magician, but he won't have a problem transplanting part Gurnee to Wauconda. A neat trick? Yes. Vogeler is going to establish a second location of his highly successful Great Gurnee Discount Center in Wauconda.

Mayors take a stand

Editor:

In a letter to the editor, John Stilson of Warren Township leveled a blast at the mayors of Gurnee and Lake Villa for working to provide sanitary sewer service for their communities. These two public servants were characterized as "spoiled little rascals" brought under control by the County Board exercising its "legislative prerogative."

Hold on Mr. Stilson. Municipalities are creatures of the state, as is the county. I believe the intent of the state in legislating municipal incorporation laws was to provide for orderly control of urbanization. Our current problems of over growth and disorderly development cannot be laid on municipalities in Lake County. Certainly, not in Warren Township. Open your eyes and look around you. Wildwood and its sprawl has not been created by Gurnee, nor has any of the growth along Grand Ave. west of Hunt Club Rd.

When Gurnee began growing during the 70's and 80's, every developer annexed and zoned were required to pay cash or donate land to the park district and school districts based on formulas developed by these districts. How much did the county collect and distribute to them during this period? Ask your schools and parks. Gurnee developers built and paid for: roads, sewer and water utilities, met storm water detention standards and provided any other utility deemed necessary. In addition, many were made to improve existing roads and oversize utilities to provide for more orderly development beyond their perimeters. The county impact fees are late on the scene and with the usual bally hoo as if something new had been developed.

The County of Lake is unique in Illinois in the control over sewerage. Instead of allowing sanitary districts, such as North Shore or North West to expand their boundaries through annexation, they

Politically Speaking

by JOSEPH SOULAK
Lakeland Newspapers

GOOD FOR LAUGH—Last week's photo of 62nd Dist. Democratic state representative candidate Henry Marquard drew several comments.

I inferred it wasn't the man from Lindenhurst.

One of his aides called it a "cheap shot."

"I thought the comments were somewhat funny," Marquard said. "You seemed to imply I submitted an old photo. In fact, it was taken by photographer Barry Dowe in Lake Villa June 28, 1990."

GOP MEMORABILIA—County Clerk Linda Hess is going to have another fundraiser. It will be an auction at the Bannockburn Boat and Tennis Club on Tuesday, Oct. 16, from 5:30 to 7:30 p.m.

Hess is the candidate passing out red and white buttons identifying the wearer as "Republicans for Hess."

Now, she has come up with another piece of Republican memorabilia for her auction.

It is an autographed photo of President and Mrs. George Bush. Making the donation is Democratic Waukegan Ald. Don Weakley. He got it in the mail along with a note thanking him for contributions and help in Bush's campaign.

UNITED IN POLITICS—Wauconda Twp. Republicans are really joining hands. Following a successful August corn roast, the GOP club has scheduled a fall cocktail party. It will be Tuesday, Sept .25, from 5 to 9 p.m. at Mers Restaurant, 313 E. Liberty St., Wauconda.

Proceeds will support a Republican headquarters in Wauconda, which will open about Oct. 1. Purpose is to support party candidates in the upcoming election.

Those behind the scenes say this four-year-old undertaking is a further effort to unite the once divided party.

HUMDINGER OF MESS—As mentioned last week, Congressman John Porter's (R-Winnetka) forum Saturday in Libertyville was going to be a humdinger. It was.

The 10th Dist. congressman was put on the carpet by some of his constituents. They wanted to know what he was doing about the savings and loan mess, especially as it involves three problem ones in his district—Libertyville Federal, Horizon and Arlington Heights Savings and Loan.

Porter was also quizzed about some of his campaign contributions the questioner hinted was part of this mess.

POT SHOTS—The race for state representative in the 62nd Dist. is just getting interesting. Incumbent Robert Churchill (R-Lake Villa) keeps a high profile, both as a legislator and county Republican party chairman.

Democratic challenger Henry Marquard of Lindenhurst takes all of the pot shots he can at his GOP rival. But Churchill is from the "you can't hit a moving target" school of politics.

Some of these "shots" were lobbed at a debate on Sept. 12 in Waukegan. The next will be Monday, Oct. 8, in the candidate's backyards sponsored by the West Miltmore Civic Assn. The place is the Lindenhurst facility of the First National Bank of Antioch.

For charges, Marquard calls Churchill a discredit to his profession. This is because Churchill's Grayslake law firm has handled condemnation cases for clients involving the Illinois Dept. of Transportation. The state Supreme Court ruled Chicago's Eddie (Fast Eddie) Vrdolyak violated the law when he did something similar. "This type of conduct is a discredit to both the legal profession and the Illinois General Assembly," Marquard said.

The Democrat also criticized Republican fund-raising efforts. This is in reference to a mailing where recipients got what looked like a check for $25. Rather, it was a withdrawal form with instructions to the bank to transfer funds from the individual's account to the Republican party.

"If this were used by a private business it would be consumer fraud," Marquard said. "The fact this was done in Lake County shows either approval by Churchill or neglect of his duties as party county chairman."

COMING EVENTS: Sunday, Sept. 23—Fundraiser for Matt Miholic, incumbent county board candidate in Dist. 2, at Rockland Roadhouse, Rte. 176., Lake Bluff, 3 to 6 p.m. Donation is $15 at door. Tuesday, Sept. 25—Annual fall cocktail party of Wauconda Twp. Republican Club at Mers restaurant, Rte. 176, Wauconda, 5 to 9 p.m. For $10 tickets that includes hors d'oeuvres and cash bar, call Dee Amundson at (708) 473-4357. Thursday, Sept. 27— Membership tea of Women's Republican Club of Lake Forest/Lake Bluff at home of Mr. and Mrs. Barry Carroll, 55 N. Mayflower Dr., Lake Forest, 1 to 3 p.m. Guest speaker Coroner Barbara Richardson. For tickets call Mary Beattie at (708) 234-4777.

Letters

(Continued from preceding page)

made deals with the districts and establish control over land to provide service by connecting lines to the existing facilities. In this method, the county is in effect attempting to hold municipalities captive on zoning matters. Why not get out of this business and leave it to the treatment agencies? If not, then maybe the county should make their jurisdiction county-wide and stop the duplication of service at added cost to all, I might add.

In conclusion, one of the provisions of the $2 million County Frame Work Plan was supposed to have committed the county to encouraging urbanization outward from existing municipalities. Do you see that happening in Warren Township? I sure do not! You have cast stones at two public officials for performing the duties required of them by their positions. I am glad that they had the courage to make a stand.

Robert R. Trigg
Gurnee

Tie rural, urban together

Editor:

Living in Lake County the past 20 years has provided me an opportunity to experience the blend of lifestyles from urban to rural that make up Lake County. To ensure the preservation of this unique variety of uses a regional plan is critical. A comprehensive plan unifying all county departments with local governing bodies and citizen groups for input, consideration and cooperation that address greater than local issues, resources and growth in a larger service area will require much effort, if we are to succeed in providing a development plan for this county which links preservation of present land uses with new growth.

On Aug. 17, 1990 the Lake County Forest Preserve Board took a major step forward in attaining a regional plan of preservations by adopting a resolution to declare an intention to acquire a primary regional trial system with a 18-2 vote in favor. This trial system will contain two paths that run parallel to each other, with green buffer between, for use as a multi-use network (hiking, biking, skiing, and horses), it will link major natural areas and provide protection along floodplains and wetlands. With the doors now open for fruitful discussion with municipalities and landowners there is the opportunity for preservation of our valuable resources which provide stormwater protection and wildlife habitat, while fulfilling the recreational needs of the residents of Lake County.

Elizabeth "Beth" Geuzendam
Wauconda

Editor's note: Ms. Geuzendam is a Democratic nominee for election to the Lake County Board from Dist. 6 which includes, Wauconda, Fremont, Ela, Cuba and part of Vernon townships.

Changing priorities

Editor:

It must seem strange to many Lindenhurst residents that suddenly the mayor speaks to commitments to commercial growth, annexing land to Hwy 45, and having development pay for itself. Sound familiar? Two years ago, these concepts comprised the foundation of the opposition platform, which were labeled by the mayor as "outlandish." Those who sought to further these ideas applied to serve their community as volunteers, which the mayor rejected as "threats." Yet here the mayor is today, mouthing those very words himself, having done nothing to act on them.

Now the mayor dreams of auto and boat dealers bringing "big dollars" into the village. But what message did the mayor send when he went out-of-state for a water plant contractor? What message did he send when he apologized for losing two bids on a village contract? Are we really to believe the bids "fell behind the safe?"

The mayor goes on to indicate he will say "welcome," if a developer "brings with him a commercial development with his housing." This is nothing new in Lindenhurst. Mayor Ratch said "welcome," to Mallard Ridge. The apartment buildings stand instead of trees, but where is the commercial development promised two years ago? Mayor Ratch said "welcome" to Waterford Commons, promising commercial developments to "ease the burden" within the tax ravaged Millburn School District. The townhouses came but where is the commercial? The mayor dreams of Gurnee tax revenues, but apparently favors Gurnee mistakes such as Pembrook which kept its residents waiting twenty years for the promised strip mall just recently completed.

Lindenhurst

Spending to death

Editor:

State Rep. Matijevich has been protesting the State of Illinois paying too much for land near the intersection of Rtes. 120 and 45. Why hasn't he been protesting his own County Board trying to spend its taxpayers to death by buying up several thousand acres of land and spending over a hundred million dollars to do it? Even the State of Illinois doesn't spend that amount for open space.

He is exactly the one to blame for killing in Committee Senator Geo Karis' bill to have a referendum for the taxpayers to vote on how much they want to spend, not once, but in both past sessions of the State Assembly! He should be put out of office next election for costing the average Lake County family over a thousand dollars.

The county board is very much involved. The forest preserve spent $25,000 of our money twice to lobby the General Assembly to help Senator Matijevich do this dirty deed.

While keeping the electors from expressing themselves on the subject, they have been grabbing or threatening to grab property all over the county. In many instances the property owners don't know for months or years whether they can keep their own property or not! This is persecution when the Forest Preserve ties up a piece and then arbitrarily grabs it by threat of condemnation or drops it after tying the owner up indefinitely.

Fortunately, because of public protest, a number of the County Board are not running on the fall or have been defeated in the Primaries, but they are trying to spend all they can before leaving office.

Rodeos are cruel

Editor:

The blatant cruelty of a rodeo cannot be ignored, and certainly should not be tolerated by a civilized society. Anyone attending a rodeo can see the cruelty right in front of their eyes; calves roped at speeds of up to 35 mph, sometimes snapping their necks; animals falling, damaging vital organs.

Humans have a choice. Animals do not. Let's turn the tables for just a moment. If given the choice, would any of us volunteer to have a "bucking strap" cinched tightly around our abdomen, tightened near the large and small intestines and other vital organs, having it pinch our groin and genitals?

Dr. C.G. Haber, a veterinarian who spent 30 years as a federal meat inspector, worked in slaughterhouses and saw many animals discarded from rodeos and sold for slaughter. He described the animals as being "so extensively bruised that the only areas in which the skin was attached (to the flesh) was the head, neck, leg and belly. I have seen animals with six to eight ribs broken from the spine, and at times, puncturing the lungs. I have seen as much as two to three gallons of free blood accumulated under detached skin."

Animal rights is no "fad" as E.J. Neiburger calls it. It is , in fact the reverency of all life, both human and non-human. It is the determination to educate others of the widespread abuse of animals, and to bring compassion back into the world.

Albert Schweitzer once said, "We need a boundless ethics which will include the animals also." Maybe it's time we realize this.

Kiesgen denies siding with swamp owner

Lake County Dist. 4 Rep. Charlotte Kiesgen is questioning appraisal practices of the Lake County Forest Preserve Dist.

Kiesgen, who is up for reelection this fall against Republican Larry Leafblad of Highland Lake and Democrat Julia Edwards of Round Lake Heights, said the issue was brought to a head when the Forest Preserve offered Al Barthel a total of $5,000 for his 45 acres in Long Lake, while at the same time offering an Antioch Twp. man $3,200 an acre "for basically the same quality of land."

The majority of Barthel's land, which he paid $2,257 for, is not buildable, as it is located in a floodplain and major wetland area, but Kiesgen feels Avery Brabender's 40 acres in Antioch Twp. is of the same quality and that the Forest Preserve is "being very inconsistent with its appraisals."

Barthel believes his property is worth way more than the $5,000 offer from the Forest Preserve, and he has expressed his unwillingness to sell at that price. Brabender, on the other hand, is said to be a willing seller for the Forest Preserve's appraised price.

"I'm not taking Mr. Barthel's side in his dealings with the Forest Preserve, but I have to question the Forest Preserve's appraisal process. Those parcels are very much alike, and it seems to me that Mr. Barthel is getting the short end of the stick," she said.

The Dist. 4 representative did say that she felt Barthel's land could be built on, "with some major work and improvements."

Kiesgen has been accused of using Barthel's situation as a ploy to discredit the Forest Preserve's condemnation practices. "That's not true. I'm not taking anybody's side here. All I'm doing is questioning the way the Forest Preserve handles its appraisals. I'm thinking of the taxpayers first because I don't want to see their hard-earned tax dollars spent in an insufficient manner," she added.

Brabender's property is located adjacent to Deer Lake Slough, which is what has the Forest Preserve interested in the 40-acre parcel.

Kiesgen said she has been in contact with Forest Preserve Atty. Joe Morrison regarding the inconsistent appraisal practices. She said Morrison "seemed to agree" with her on the matter and said he would look into the matter further.

North Chicago files protest

The City of North Chicago has filed a letter of protest with the United States Census Bureau regarding the preliminary census figures.

The preliminary figures show the city with a decline of 17 percent in population from 1980.

"The census figures were deplorable. I know a number of people who were not counted," a resident said.

Mayor Bobby Thompson said the United States Council of Mayors will be taking action on the undercounts of cities. "This is the worst count that I can remember," Thompson said.

Thompson said the city is doing everything it can.

Jeff Meyer, community development director, said the city must file requests for new numbers by blocks. He said a new ruling means the city may not count sailors in training at Great Lakes Naval Training Center if they live on the base and chose to state their address as somewhere else.

The city is also questioning the amount of vacancies as stated by the Census Bureau.

In other business, The Illinois Dept. of Public Health has awarded the City of North Chicago an award for meeting requirements of flouridation 100 percent of the time in its water treatment plant.

Water Supt. John Rubich said this is the first time the city has won such an award.

Action regarding building codes was delayed until the Oct. 22 meeting.

PUBLIC NOTICE

Grayslake Community High School is accepting Bids for the Purchase of a School Van. Bid Specs available at the Business Office, 400 North Lake Street, Grayslake, IL (708)223-8621. Bid opening on October 1, 1990 at 10:00 A.M.

990C-954-GEN
Sept. 21, 1990

PUBLIC NOTICE

Public notice is hereby given that the Board of Education of Antioch Community High School will receive bids for a GM Suburban. Specifications for the above can be obtained at the District Office located at 1133 Main Street, Antioch, IL. Bids must be returned by 11:00 a.m. on October 3, 1990. The Board of Education reserves the right to reject any and all bids.

Laurel J. Dahl
Secretary
Board of Education
Antioch Community High School Dist. 117
990C-939-GEN
Sept. 21, 1990

PUBLIC NOTICE
TO BID

Project Description

This project is the Roof Replacement Project at the Community Center Gymnasium at 3720 Greenleaf Avenue, Island Lake, Illinois. Base Bid is to include roof removal, inspection of decking, repair of same on a time and material basis and replacement with a Standing Seam Metal Roof System as specified. Base bid shall be for replacement roof using metal roof systems with an alternate bid for replacement using a built-up roof membrane system. At Owner's option existing roof membrane system may be left in place and an alternate bid is requested for this option.

Work is to include all demolition, deck repair, (if any), relocation/removal of roof mounted projections and/or equipment and all roofing work as noted on drawings and as contained in specifications. Work shall include shimming of existing roof line to establish straight even plane for new roof system.

Proposals:

a) Bids are invited from pre-qualified Roofing Contractors for the complete construction of this entire Project under one General Contract, including all trades as specified in the Project Manual.

b) Sealed Bids, submitted in duplicate, for the General Contract shall be delivered by hand or mail up to 10:00 o'clock a.m., September 27, 1990 to:

Village of Island Lake
3720 Greenleaf Avenue (Post Office Box 450)
Island Lake, Illinois 60042
Attention: Trustee John Ruter

c) Bids will be publicly opened and read the same evening at 8:00 o'clock p.m.

Bid Documents:

a) Copies of Bidding Documents may be obtained by Bidders from the office of the Village Clerk:

Village of Island Lake
3720 Greenleaf Avenue
Island Lake, Illinois 60042
(708)526-8764

Pre-Bid Conference

A scheduled walk thru and site examination of roof conditions at the facility is scheduled for 10 o'clock a.m. on September 26, 1990. All Bidding Contractors are required to attend this meeting.

Only limited site examinations will be allowed at other times. The Owner's Representative will be present at all walk throughs to answer questions and provide direction as required.

Patricia J. Nebgen
Village Clerk
990C-948-GEN
Sept. 21, 1990

PUBLIC NOTICE

Notice is hereby given that the Village of Lake Villa will receive sealed bids at the Village Hall, 65 Cedar Avenue, Lake Villa, Illinois until September 26, 1990, for construction of a 40' x 100' public works maintenance building. Bids will be publicly opened at 2:00 p.m. on September 26, 1990, at the Village Hall. Bids will be awarded at the Regular Board Meeting at 8:00 p.m. on September 26, 1990. Specifications for the new building can be picked up at the Village Hall. The Village has all rights to reject any bid.

Judith P. Dewar
Village Clerk
990C-941-GEN
Sept. 21, 1990

PUBLIC NOTICE
TO BIDDERS

1. Time and Place of Opening Bids. Sealed proposals for the WORK described herein will be received at the office of the Village Clerk, Village of Grayslake, Lake County, Illinois, until 2:30 o'clock p.m., Wednesday, October 10, 1990, and publicly opened and publicly read at that time.

2. Description of work. The proposed WORK is officially known as May-Cecelia-Burton Watermain Replacement Project and is further described as the construction of 1480 lineal feet of 8-inch watermain on May, Cecelia and Burton Streets, appurtenances and restoration as shown on in the plans.

3. Contractors for all Contracts must comply with the following:

a. "As this construction project is to be federally funded, all labor standards and equal opportunity regulations will be enforced.

b. The contractor for this project will be required to comply, to the greatest extent feasible, with all Section 3 regulations pertaining to provision of opportunities for training and employment to lower income residents of the project area and to the provision that contracts for work in connection with the project be awarded to business concerns located in, or owned in substantial part by, persons residing in the area of the project."

4. Not less than the prevailing rate of wages as found by the Village of Grayslake or the Department of Labor or determined by the Court of Review shall be paid to all laborers, workmen, and mechanics performing work under the contract.

5. Any contract or contracts awarded under this Invitation for Bids are expected to be funded in part through the HUD program for Community Development Block Grants. Neither the county of Lake, nor HUD will be a party to this Invitation for Bids or any resulting contract.

6. Instructions to Bidders. (a) Plans and Proposal forms may be obtained from: The Village of Grayslake or Midwest Consulting Engineers, Inc., 5151 North Harlem Avenue, Chicago, Illinois 60656 upon non-refundable deposit of $20.00.

(b) All proposals must be accompanied by a bid bond, bank cashier's check, bank draft, or certified check for not less than five (5) per cent of the amount of the bid, or as provided in Division 1, Section 2-7 of the "Standard Specifications for Water and Sewer Main Construction in Illinois," 4th Edition.

7. Rejection of Bids. The VILLAGE reserves the right to waive technicalities or to reject any or all proposals as provided in Division 1, Sections 2-6 and 2-12 or the "Standard Specifications for Water and Sewer Main Construction in Illinois," 4th Edition.

PUBLIC NOTICE
INVITATION TO BID

Sealed bids for the excavation earthwork, gravel and paving of a Bicycle Path will be received by the Round Lake Area Park District at the District office at 814 Hart Road, Round Lake, Illinois until 2:00 p.m., Monday, October 1, 1990, and then at said office publicly opened and read aloud.

Copies of the Contract Documents and Specifications may be obtained at the office of the Park District, at the above address beginning September 24, 1990 for a non-refundable fee of $15.00.

Contractors for this contract must comply with the following:

a) "As this construction project is to be federally funded, all labor standards and equal opportunity regulations will be enforced.

b) The contractor for this project will be required to comply, to the greatest extent feasible, with all Section 3 regulations pertaining to provision of opportunities for training and employment to lower income residents of the project area and to the provision that contracts for work in connection with the project be awarded to business concerns located in, or owned in substantial part by, persons residing in the area of the project."

Not less than the prevailing rate of wages as found by the Round Lake Area Park District or the Department of Labor or determined by the Court of Review shall be paid to all laborers, workmen, and mechanics performing work under this contract.

All proposals must be accompanied by a bid bond, certified check, bank-cashier's check, or bank draft, payable to the Round Lake Area Park District for five percent (5%) of the amount of the bid as provided in the Instructions to Bidders.

Any contracts awarded under this Invitation for Bids are expected to be funded in part or through the HUD program for Community Development Block Grants. Neither the County of Lake, nor HUD will be a party to this Invitation for Bids or any resulting contract.

The Round Lake Area Park District reserves the right to defer acceptance of any proposal for a period not to exceed thirty (30) calendar days after the date bids are to be received and to reject any or all proposals, and to waive technicalities.

Barkhausen plans to minimize cost of land acquisition

Reacting to controversy over the expense of acquiring a portion of the Rte. 53 corridor, State Sen. David N. Barkhausen (R-Lake Bluff) is suggesting a plan to minimize land acquisition expenses for state highway projects.

Barkhausen said the key to holding down costs is for the Illinois Dept. of Transportation (IDOT) to be in direct communication with communities in the vicinity of road projects that are on the drawing board.

"The state paid $100,000 an acre this year for land in Grayslake that is not far from another parcel for which the cost was only $15,000 an acre," Barkhausen said.

"IDOT had planned for years to site the Rte. 53 corridor in this general area," Barkhausen continued. "If IDOT and Grayslake had been communicating, annexation and commercial zoning of the Grayslake parcel could have been prevented and the cost of the land to the state would have been much lower."

Barkhausen said communities which support highway projects should make sure they are not inadvertently taking steps which will increase the expense of acquiring land, thereby making the project more expensive, delaying them or perhaps prohibiting them altogether.

"On the other hand, IDOT officials say they have no way of knowing what actions communities might take concerning land that might be needed for highway improvement - this is nonsense," Barkhausen said. "IDOT has to spend so much money on this land that they ought to be sure they have the capability to keep track of local governmental actions that affect land prices, such as annexation and zoning decisions. There is no excuse for not staying on top of these developments when the failure to do so multiplies the cost of land acquisition enormously."

Barkhausen urged IDOT and municipal officials to explore ways to improve communications between them in order to minimize the costs of land acquisition for highway projects.

Lake County Board of Realtors

The cream of the crop turned out for the Lake County Realtors Political Affairs luncheon. Shown, from left, are the Lake County Board of Realtors: president-elect Eve B. Lee; Mayor Sandra Morris of Round Lake Heights; President Otto H. Sprenger; Donald Giarrante of the legislative committee; Mayor Joyce Frayer of Lake Villa; and Mayor Carl Schrimpf of Round Lake Beach.

VOTERS seeking 'no' vote

The "Voice of Tomorrow's Electoral Rights in Society" (VOTERS) has been formed to urge a 'no' vote on a critical Nov. 6 Lake County referendum. The referendum seeks to make the county coroner's and recorder's offices appointed rather than elected.

The chairman of VOTERS, Bob Grever, said, "This is a grass roots movement to preserve the right of the citizens of Lake County to choose the officials they want in these two important offices."

"VOTERS call for a 'no' vote is widely supported by both Republicans and Democrats, " said Grever, who met with Co-Chairmen Russell Christian, Al Salvi, Kathleen Keller, Jim Wipper and Don Newbrey Sept. 7.

The referendum was set when the Lake County Government Study Commission recommended eliminating the elective process in filling the posts of coroner and recorder earlier this year.

Coroner Barbara Richardson, referred to by Grever as a "capable and caring" coroner, and Recorder Frank Nustra, who is dean of Illinois recorders after 31 years, also publicly support a 'no' vote on the Nov. 6 referendum.

Governor approves $1.9 million appropriation for CLC

The College of Lake County has received a $1.9 million dollar appropriation for capital development. House bill 3458 was signed by Governor James Thompson last week.

This $1.9 million dollar appropriation will be used to fund a multi-use instructional facility to be built on the Grayslake campus. The college has had continuous growth in enrollment in recent years and currently, space is inadequate to meet the demand.

CLC President Daniel J. LaVista said, "The board of trustees and I are delighted with the governor's action. We realize additional steps are required for the facility to become a reality."

Charles Schulze, vice president of development and executive director of the college foundation at CLC, said, "Our next step is to work with the capital development board to have the funds released for the first phase of this capital project."

Schulze thanked the Illinois Community College Trustees Assoc. and the Illinois Community College Board for their help with this project. He also thanked CLC's board of trustees for their work with these groups and with Lake County legislators.

"There remains of course, the CLC staff to work with the capital development board to secure the release of these funds," Schulze added.

TV service

Ferguson customers know best

by KRISTY PHARISS

Jeff Ferguson of Ferguson's TV in Libertyville followed in his father's footsteps. "My father taught me a lot about people," Ferguson said.

Ferguson's TV was started in 1967 and Jeff took it over four years ago. He started out by selling and delivering appliances for his father. Ferguson then moved up into the business by managing the store inventory and pricing items. "Often I sold and delivered the same appliance," he said.

Ferguson said he believes in putting the customer up on a pedestal. "All of our employees are trained to make the customer happy," he said. "We make sure to take care of all of the customer's needs and concerns." Ferguson said he likes dealing with the public and setting up a comfortable atmosphere for his clientele.

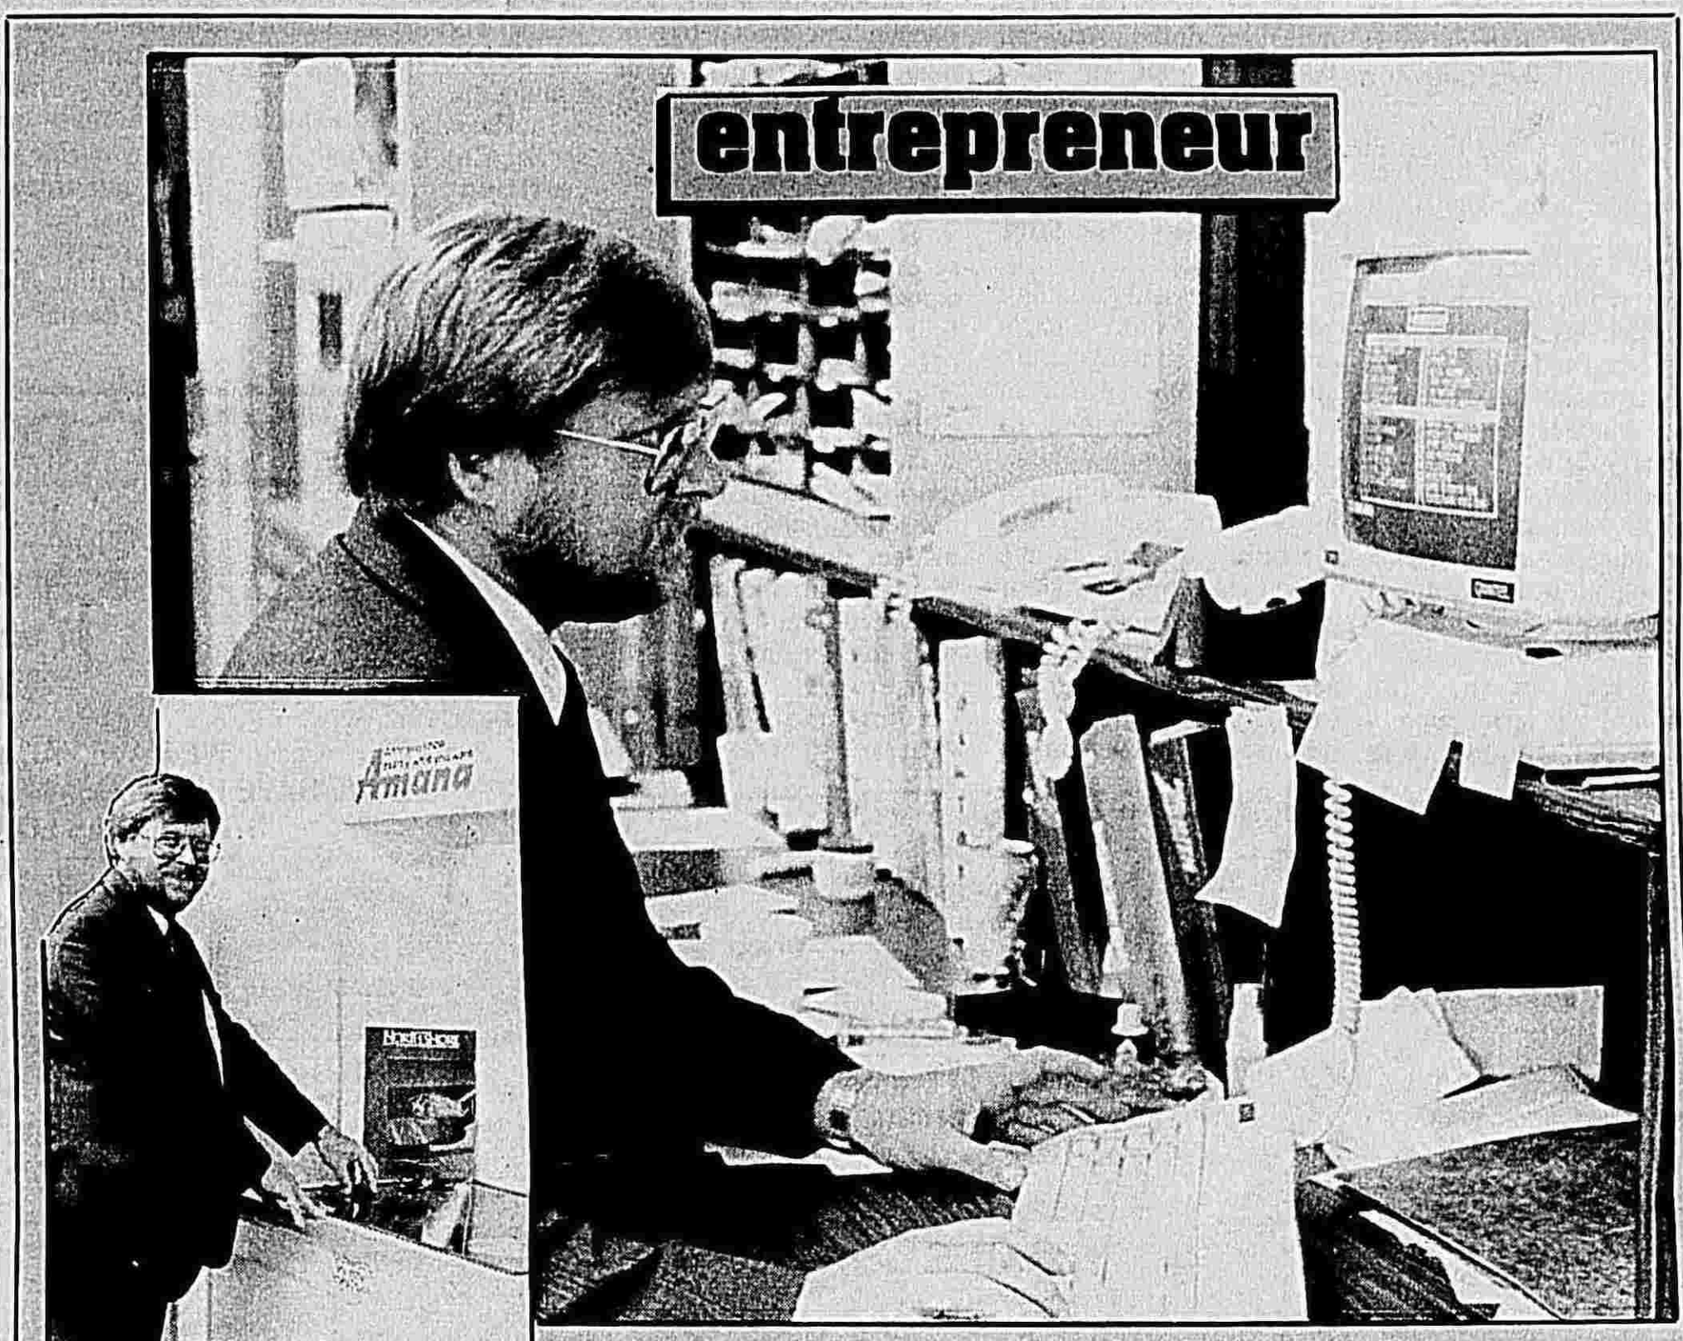

He takes pride in offering fair treatment after a purchase has been made. The company has a policy that if an item needs repair three times while under warranty, Ferguson's will take the merchandise back. "We put the customer first from sales to delivery and they stay first even after delivery," Ferguson said.

Ferguson's is also one of the few stores to come out and check the installation of an appliance if something is wrong, according to Ferguson. They want to make sure that the customer is not stuck with an extra charge, according to Ferguson.

The store also offers the lowest price in town and will refund the difference in price if another store offers a lower price within 30 days of the purchase.

Today, Ferguson is involved in every aspect of the business. For that reason, he said he feels his store is the most consumer oriented store of its kind in the area.

"We go further for the customer," he said. "That is how we can compete with big name chain stores." Ferguson is directly involved with the community.

John Ferguson learned the appliance business from his father but he also learned that keeping his customers serviced and happy with a comfortable atmosphere is one of the most important parts of the business. Ferguson's TV was started in 1967 at 216 Peterson Rd. in Libertyville.

"The taxes we pay go directly into the community," he pointed out. "We also contribute to a lot of charity work and sponsor a little league team." "We are a part of the community," he said.

Ferguson attributes his success to running a honest business. "People trust us," he said.

Ferguson's TV specializes in built-in ovens and sells a variety of appliances from washers and driers to stereos which they install. Ferguson has placed computers in the store to make transactions more efficient and is in the process of installing a new electronics department. The store services mostly homeowners and landlords in all of Lake County.

Ferguson's TV is located at 216 Peterson Rd., Libertyville and is open Monday and Thursday from 9 a.m. to 9 p.m.; Tuesday, Wednesday, Friday and Saturday, from 9 a.m. to 5:30 p.m.; and on Sunday from 11 a.m. to 4 p.m.

BUSINESS BRIEFS

LAKE COUNTY

Northern Automotive, an Englewood, Colo., based general automotive retailer, has signed leases for space at two Lake County locations, Eagle Creek Plaza, Rollins Rd., Round Lake Beach, and 120 N. Milwaukee Ave. at Rte. 176, Libertyville.

WAUKEGAN

Waukegan has been approved as the site for a new civic center under new legislation approved by Gov. James Thompson. The center, if it materializes, will grow out of the current Waukegan Civic Center Authority.

EYE CARE

News, Views & Questions About Your Eyes

By
Robert L. Epstein, M.D., Director
Illinois Center for Corrective Eye Surgery

QUESTION: What is glaucoma? Can it cause blindness?

ANSWER: Glaucoma results frome excessive pressure on the optic nerve in the back of the eye, created by excessive build-up of the natural fluid inside the eye. It's the second leading cause of blindness among people over the age of 40. Fortunately, with early diagnosis and treatment this problem can almost always be controlled and blindness prevented.

The fluid keeps the eye from collapsing. As fresh fluid is produced, the excess drains out through a meshwork of tissue. If this drainage path is blocked, pressure builds and begins to damage the optic nerve which carries visual images from the eye to the brain. Gradually, peripheral or side vision is lost. Eventually the glaucoma victim can only see straight ahead through "tunnel vision." Over time all sight may be lost. Previous damage cannot be reversed, but when glaucoma is diagnosed it can be treated with eye drops or medication. If this is not successful, laser surgery may be used to open up the tissue to provide proper fluid drainage.

Stretch your gasoline dollar - now and forever

Due to the high cost of gasoline, Riverwoods Auto Service, Inc., Barrington, is passing out the following tips to show their customers how they can save money (and buy less from them) by using their ideas.

The company owns Riverwoods Mobil, at Deerfield and Saunders Rds. in Riverwoods, the busiest Mobil station in its multi-state Midwest district, and Libertyville Mobil at Milwaukee Ave. (Rtes. 21 and 137) in Libertyville, the second most active station in the Mobil Midwest district.

Practically every driver is familiar with the automotive term mpg - miles per gallon. More important than mpg is a factor we like to call mpd - miles per dollar. After all it's the cost of driving a mile that we're really concerned about. Substantially increase your mpd, your miles per dollar - by following these three simple suggestions:

1. Choose a high quality gasoline. Your car's emission controls and electronic fuel injection system are designed to regulate a clean engine. "Cheap" gas may foul fuel injectors and allow deposits to build up on intake valves, leading to poor engine performance and decreased mpd. Not surprisingly, we recommend Mobil gasoline. Not because we happen to be Mobil dealers, but because all grades of Mobil gas contain the correct detergent additives to help clean your engine's fuel injectors and intake valves.

2. Conserve fuel. You don't need to "warm up" your car. Wait a few seconds after you start your car so that the motor oil has time to circulate, then drive off slowly. Prolonged engine idling can lead to exhaust system damage and it certainly wastes your gasoline dollars. Drive at constant speed, use your cruise control to help regulate your speed. Watch the speed limit - 55 MPH is not only the law, it's also conserving your fuel (saving you money.) Practice a smooth acceleration when you start from a stop and coast (take your foot off the accelerator) when you see a stop coming up.

3. Have your vehicle serviced by qualified ASE certified automotive technicians. Have him: Check your air filter - a dirty or clogged air filter can cut your fuel efficiency by as much as four miles per gallon. Check your engine emissions - gas dollars can be going out of your tailpipe. Change your engine oil - a smoother running engine with a clean filter and fresh motor oil burns less fuel. Check your tire pressure - properly inflated tires can give you an additional two mpg - remember the spare tire pressure. Check all belts and hoses. Check engine coolant and all fluids. A well tuned engine costs less to operate.

If you have a qualified mechanic you trust, then have your vehicle serviced immediately, every day that you delay can cost you money at the pump.

Sears signs Vernon office lease

Peter M. Tsolinas, chief executive officer of TMA Group Development Corp., has announced that Sears Mortgage Corp. has signed an office lease for 58,800 sq. ft. at TMA Group's Deerpath Atrium Center II, a 77,500 sq. ft., single story office complex located at 536, 568, 616 Atrium Dr. in Vernon Hills.

Sears Mortgage Corp. plans to move the firm's processing operations from its current location at Riverwoods Corporate Campus to Deerpath Atrium Center II in order to accommodate the firm's growing business. Sears Mortgage Corp.'s expanded corporate headquarters will remain at the Riverwoods location. Hank Cox, Bill Baldwin and Bill Rolander of Coldwell Banker Commercial Real Estate Services were the brokers handling this transaction.

Lexington announces plans for Grayslake

Lexington Homes will begin development this fall of its new community, English Meadows, on Rte. 83 in Grayslake, announced William A. Maybrook, executive vice president of sales and marketing for Lexington.

Planned for 877 homes, the 282-acre community will initially feature eight different home floor plan designs, six of which will be introduced for the first time at English Meadows. With 1,350 to 2,183 sq. ft. of living space, these three- and four-bedroom residences will feature grand, two-story entry foyers; living rooms with vaulted ceilings; loft areas; and kitchens with sunny breakfast rooms. Preview opening prices are expected to start in the $120,000 range.

"Grayslake is an outstanding location for buyers who are attracted by the old-fashioned, home-town feel of the Chain O'Lakes region," said Maybrook. "The beautiful, country atmosphere and the appealing homes at this special, new community evoke the image of a simple lifestyle from days-gone-by."

Eleven acres at English Meadows will be dedicated for a new elementary school. In addition, the community will include 55 acres of sprawling, open land and parks.

Strolling through the charming village, Grayslake residents can enjoy numerous lakes and ponds for boating and fishing; and lovely parks.

A preview sales office at English Meadows is scheduled to open in October. However, buyers who are interested in obtaining further information about the community may call (708)459-8188.

Libertyville business gets grant from Edgar

The Solar Corp. in Libertyville is one of 20 businesses to receive grants totaling $143,857 through a special Secretary of State grant program to teach basic skills in the workplace. Secretary of State and State Librarian Jim Edgar established the program in January. Edgar expanded it after reviewing results of the successful pilot.

"Companies involved in the pilot program have reported improved safety, reduced scrap, a reduction in the need to redo work, increased job advancements, and enhanced employee moral," said Edgar, who chairs the Illinois Literacy Council.

Edgar said he was pleased to see the increased interest by the business community. "Not only did more businesses apply for these grants this time, but those receiving grants pledged to invest substantially more in the program than did those in the pilot project."

Businesses are required to match the amount provided by the state grant and to obtain the assistance of local education programs in offering on-site instruction for workers.

A $7,188 grant will support the Libertyville company in a partnership with Mundelein High School to determine worker abilities, develop appropriate curriculum, and implement a basic skills program that will include help for workers who are not fluent in English. The program will emphasize workplace vocabulary and computational skills including graph and chart knowledge needed for job advancement. Increased understanding of machine instructions and safety procedures are among the expected results.

The Solar Corp. will encourage participation by providing a $50 bonus to participants who attend at least 70 percent of the session. The company is donating twice the amount of money required as a matching grant and plans to continue the project beyond the grant period.

"Workplace instruction is a win-win situation," Edgar said.

"This training also helps improve the employee's overall quality of life," Edgar added. "Routine tasks such as paying bills, completing forms, and helping children with homework are easier when language and math skills have been upgraded at work."

Are Employers Required To Excuse Military Employees?

THE ILLINOIS CHAMBER

A Question From The Illinois Chamber HELPLINE

Q. As an employer, am I required to excuse a worker who is vital to the operation of my business, so he can attend military training as a reservist?

A. Yes. Federal law says that if a reservist requests leave to attend military training, it must be granted.

IF EMPLOYERS WOULD LIKE MORE INFORMATION ON THIS AND OTHER CHAMBER SERVICES, CALL 312-372-7373.

Hess opens headquarters

Lake County Clerk Linda Hess has announced that the grand opening of her new campaign headquarters will be held from 10 a.m. to noon Sept. 22. The headquarters is located at 800 S. Milwaukee, Suite 200, Libertyville, at the north end of Cambridge Plaza.

We'll have coffee and rolls and even a door prize," Hess said. "Political campaigns are a lot of hard work, but we're going to have fun, too. Everyone is invited to stop by and see the new headquarters."

Sally LaMagdeleine of Mundelein is the chairperson of the event. "I think I've done an excellent job as county clerk, improving services while cutting the budget, but it takes a lot of volunteers to get the word out," Hess said. "So we're throwing a little party for the volunteers to get the campaign started on the right foot."

Campaign support
State Rep. Robert Churchill (R-Lake Villa), stands with Sue Suter, state comptroller candidate, at his campaign fundraiser at the Antioch Country Club. Churchill seeks his fifth term as state representative in the 62nd Dist.—Photo by Fred Bigham

GOP for Hess

"Republicans turned out in even greater numbers than we expected, making the dinner truly an outstanding event, "Linda Hess said after the Tuesday fundraiser kicking off her campaign for re-election as Lake County Clerk.

"My campaign has the support of a great many Democrats, which is no surprise since I am the only countywide Democrat at the courthouse," she noted.

"But everyone was surprised by the number of Republicans supporting me and the depth of their commitment."

The all-you-can-eat spaghetti dinner started in a single reserved room at Potesta's Pizza-Pasta in Vernon Hills, spilled into the dining room and eventually took over the restaurant to the extent that regular patrons were not admitted.

"The people of Lake County, Republicans and Democrats, sincerely want to keep the two-party system alive, and they think I provide a good check and balance on the Republican-dominated courthouse," Hess added.

Schaal new planner for county stormwater group

Carroll Schaal, a water resource specialist who has been active in the development of the Lake County Stormwater program since March 1987, has been named SMPC planner. Prior to his appointment, Schaal was a senior planner in the Advanced Planning section of the county's Dept. of Planning, Zoning and Environmental Quality.

"We're pleased to have Carroll as the SMPC's first full-time stormwater planner," said Richard Welton, Gurnee mayor and SMPC chairman. "He's been involved in the program since the beginning, and his expertise will help the SMPC move forward with its short-and long-term stormwater management goals."

Schaal, who lives in Grayslake with his wife, Pam, and two children, holds a master's degree in community and regional planning from Iowa State Univ. and a B.A. in biology from Luther College, Decorah, Iowa. He presently serves as chairman of the Grayslake Environmental and Open Space Commission and as vice president of the Land Conservancy of Lake County. Schaal is also active with a number of national and regional organizations for water resource professionals.

As SMPC planner, Schaal will report to the agency's director and program engineer. At present, the SMPC is continuing its nationwide search for candidates for both key positions, said Welton.

FREE GOODS! WORTH $200

$200 Worth of FREE GOODS!

Buy any new Polaris ATV between September 1st and November 30th and get $200 worth of our great clothing or accessories. FREE. It's our "Free Goods" offer, only at your local Polaris dealer.

Film Review

Carrie Fisher's "Postcards From the Edge" is getting rave reviews, with rumbles of Oscar nominations for Shirley McClain and author Fisher.

The kudos for McClain are well deserved as once again she turns in an outstanding performance as the show biz mother of a dope addicted daughter, who is also a star.

McClain does double duty in this one, going from the glamorous performer to a tired old drunk with equal aplomb.

Meryl Streep, who is cast as the daughter, also does another of her fine acting jobs, adding a surprisingly good singing voice to her many other talent credits.

But this reviewer has a problem with Streep in this part. Although one of her lines is "Mother I'm middle aged," the premise of her part is that of youth and Streep just doesn't physically fit the part.

On stage, actors can get away with playing people older or younger than themselves, but the scrutinity of the camera made us feel that Streep was simply too old and tailored and self-contained for the part.

Dennis Quaid is a believable handsome cad who is Streep's short-lived love interest.

It's a good story based on an alcoholic mother trying to run the life of her addicted daughter, while ostensibly trying to cure her.

We give this one four out of five stars because we would rather have seen someone like Melissa Gilbert or Demi Moore in Streep's part.

Video-TV

Well the new tv season has begun and we are being inundated by all sorts of new comedy sitcoms lead be a set of Italian brothers and three chubby sisters.

Fox has come up with a show that's a real heavyweight in more ways than one, "Babes," in the Thursday, 7:30 time slot.

Here we have three queen size gals going through life together fighting the battle of the bulge.

In the style of "Roseanne," the first show was hysterical, from the wild and garish tents our heroines sport, to a script that capitolizes on funny funny fat jokes.

One future problem could be the difficulty in sustaining the fat gig and keeping it funny without becoming irritating and insulting.

On the other side of the sibling coin, we have the "Fanelli Boys," showing on NBC at 8 p.m. on Wednesday.

This one also has a lot of yaks, from the Don Juan brother, to one that gets himself involved with a rich 83-year-old woman, to a mad Russian type of uncle who is a priest. Last week's premise of the uncle being sentenced to a vow of silence by his archbishop added greatly to the frivolity.

Stand-up comedian Lenny Clark can be seen on CBS, at 8 p.m. on Wednesdays in "Lenny," and Mathew Broderick has bowed to Charlie Schlatter who is the tv version of "Ferris Beuhler." This teenage con man romps merrily over the school principal, his parents and whoever gets in the way of his fun. No Emmy candidate, but slightly amusing, despite the star's constant talking to the camera, a "schtick' that went out with "Moonlighting." Parents might also consider the problems of children seeing a supreme goof-off glorified.

Civil War re-enactment

The Lake County Museum will hold a Civil War re-enactment on Sept. 29-30 at the Lakewood Forest Preserve. Starting at 10 a.m. camp and exhibits will be open and a muster and inspection of troops will take place. From 11 a.m. to noon there will be an infantry drill and competition followed by an artillery drill and competition. At 2:30 p.m. there will be a ladies' fashion display during the serving of tea at the museum. An actual combat skirmish will take place from 4 to 4:30 p.m.

Art in Barn offers something for everyone

Art in the Barn, the Auxiliary of Good Shepherd Hospital's 16th annual juried and invitational exhibition, is an opportunity for everyone to enjoy a day in the country while viewing beautiful fine art.

The art show and sale will be held from 10 a.m. to 5 p.m. Saturday and Sunday, Sept. 22 and 23, in the rustic farm buildings on the hospital campus.

Good Shepherd is located north of Barrington on Hwy 22, two miles west of Rte 59. Admission to Art in the Barn is $2 per person and free for children under 12.

This year, the show will feature more than 120 artists with works ranging from oil and acrylic paintings, etchings, serigraphs, photography and watercolors to carvings, jewelry, sculpture, metal work, pottery, handmade paper, batik, stained and blown glass, ceramics, woodworking, handwoven fabrics, leather and baskets.

Art in the Barn '90 has an added dimension ... top selling artists of Art in the Barn '89 have donated works of art which will be offered as auction and raffle items.

In addition, handmade crafts and Christmas items created by the auxiliary's Luv Ewes group will be sold in a farm house adjacent to the artists' display areas.

Children will be able to create their own watercolor masterpieces at a Young Artists' Tent and also visit the lambs and goats in the Farm at the Barn area. During both days of Art in the Barn, music lovers will have the chance to sit back and listen to a variety of music including folk, blues, jazz, country and a steel drum band.

The refreshment menu will include brats, hot dogs, taffy apples, cider, soft drinks, popcorn and coffee. The Pear Tree, a full-service restaurant, will offer sandwiches, soup, chili and more.

Since its inception in 1974, the goal of Art in the Barn has been to bring fine art to the community. As a by-product, the artists donate 20% of their sales to the Good Shepherd Hospital Auxiliary. This year's Art in the Barn proceeds will go toward auxiliary-supported hospital projects.

For more information about Art in the Barn, call (708)381-9600, extension 5104.

Millburn fetes area artisans

Works by Mae Connor and Kay Smith, Chicago, will be featured at Millburn Gallery from Sept. 20 through Oct. 29.

Connor's impressionistic oil paintings include landscapes and florals. Some are soft, while others are quite strong, making them extremely suitable for contemporary or traditional homes. Smith, a watercolorist, is known for her American Legacy collection. Presently she is completing 21 paintings of Illinois historic sites for the Executive Mansion Assoc. in Springfield.

After Springfield, the paintings will return to Chicago to be exhibited on the IIT campus as part of their centennial celebration.

A revolving collection of new works by gallery artists continues as does the exhibit of fine art at the "Millbrook," at Hunt Club farms. Gallery owner Dawn Revenaugh, is also available to help with consultation for home or office. The gallery is located at 38500 Rte. 45 in Millburn and is open form 1 to 4 p.m., Thursday through Sunday and by appointment, (708)356-3022.

MAINSTREAM

Kelly's raising 'Kane' on 'Big Apple' scene

by GLORIA DAVIS
Entertainment Editor

Little did the theatrical world, or young Kelly Kane know that her leadership in putting on the first senior review ever at Mundelein High School, back in 1982, would be the beginning of a first rate theatrical career.

By the fall of 1990, Kane could be looking forward to a leading role in a new tv series or else a Broadway production or a national tour of the plays that her company, Second Generation, has produced.

Kane followed the review by becoming Miss Mundelein of 1982 and then Miss Vernon Hills of 1983, getting first hand public appearance experience.

In 1984, she headed to the Big Apple, New York City, to learn and polish her theatrical prowess at City College, receiving her bachelor of fine arts degree in 1987.

Then she hit the bricks looking for theatrical work, but soon found that there were few takers for a young inexperienced burgeoning actress.

Again using the same kind of ingenuity that she employed back in her days at Mundelein High School, Kane decided that the best way to become an employed actress was to start a theatrical business of her own and hire herself.

So she gathered a group of actors, directors, playwrights and designers who were, like herself, trying to break onto the city's theatrical scene. This was the birth of Second Generation.

The first work of Generation featured the work of nine unpublished playwrights, 12 brand new actors and two fledgling directors. The production was titled "Plays Under the Influence," starring Kane, and shown at the Samuel Beckett Theatre on Theatre Row, drawing SRO crowds.

In 1988, over 100 artists joined in Kane's endeavor in a full-season that included full length plays, showcases, readings and fundraisers, which resulted in "The Annual One Act Festival."

Kelly Kane

The fact that Kane had subsidized herself while climbing New York's theatrical ladder, with a variety of jobs which gave her a wide smattering of business experience, stood her in good stead in running her own business.

Kane now holds the official titles of executive producer, public relations manager and consultant, financial backer, marketing director, fundraiser coordinator and co-producer, as well as resident optimist.

Kane's philosophy, known to friends and co-workers, is "I should be able to do any and every job required to put on the best show possible."

> ***"I should be able to do any and every job required to put on the best show possible" --Kane.***

Kane ran into some stormy weather in 1989 when some members of her company challenged Generation's artistic direction, but by 1989, she bought her partner out "dismissing incompatible and enabling the cream to rise to the top."

Last spring, the editing of Generation's first film, "Minus One," which she co-produced, began and Kane's production of "Rated X" drew attention from the right places.

A few months ago, she became the assistant to the co-producer of "The Hard Way," Michael J. Fox's new Universal picture, set for release this winter.

Not being content to just do one thing at a time, Kane was also busy co-producing Generation's cabaret fundraiser which peaked the interest of critics from the New York Times, The New York Post and ABC Nightly News, among other noteworthy media moguls.

The show featured songs sung by the authors Broadway's "Hair." The cast included actors that played in "The Leader of the Pack," and "Ah Wilderness."

At press time, Generation has become a noticeable entity on New York City's theatrical scene.

By the beginning of next year, Kane's agenda calls for Generation to reach the west coast as well as the one overseen by the Statue of Liberty with 'My Daughter , The Sister," and a Los Angeles production of "Rated X," all this a far cry from the Mundelein High School review, but it was a beginning.

8th Illinois Calvary in Civil War replay

The Lake County Museum along with the 8th Illinois Cavalry and MARS (Midwest Area Re-enactment Service) will be presenting a Civil War re-enactment on the weekend of Sept. 29 and 30.

Various activities are scheduled through both days including groundbreaking for the museum's expansion, skirmishes, encampments, games, and a ladies' fashion show. There will be a battle re-enactment on Sunday and on Saturday local diorama artist Tom Ostrander will be painting miniature soldiers similar to the ones used in the temporary diorama exhibit on display at the museum. A special exhibit "Civil War: Lake County Answers the Call" is on view through Sept. 30.

Fees for this special event are $4 for adults, $2 for children, and $2 for members. Memberships will be available on the days of the event.

Kris Breyer, museum volunteer and regimental commander of the 8th Illinois Cavalry says, "We are very excited to bring this living history education program to the Lake County Museum. We hope the public will enjoy the activities and the special temporary exhibits."

The Lake County Museum is located in the Lakewood Forest Preserve at Rte. 176 and Fairfield Rd in Wauconda. For additional information call (708)526-7878.

Volo Museum sponsors fall automobile auction

The second annual Fall Auto Auction will be held at the Volo Auto Museum in Volo on Saturday and Sunday, Sept. 29 and 30.

The sale will be jointly sponsored by the Volo Museum and Auburn, Ind. based Kruse Int.

Among the cars that are expected to draw considerable interest from Falls Motors Ltd. is a custom 1932 Auburn Model 12-160A V-12 boat-tail speedster. This is an AACA President's Cup winner finished in brilliant lime green with a black top.

Other auction consignments include a 1968 Z28 Camaro, a 1968 Olds 442 hardtop, a 1970 Chevelle 396 coupe, a 1970 GTO convertible, a 1971 Mustang Mach 1, a 1971 Plymouth Hemi 'Cuda, a 1972 Mercury convertible, a 1959 Ford Thunderbird, a 1976 Eldorado convertible and a 1929 Buick Roadster.

The Volo grounds are located on the north side of Rte. 120, one-half mile west of Rte. 12.

Weekend Get-aways

by JIM WARNKEN, PRESIDENT
NORTH STAR TRAVEL, INC.

I remember looking forward to that two week family vacation when I was a child. Now it's difficult to get away for more than a couple of days at a time. I rely on several long weekends rather than one extended vacation a year. If you're in the same boat, here are some suggestions.

Speaking of boats, a cruise is not out of the question for a three day weekend. Several lines offer three day cruises leaving Friday and Returning Monday. These are real cruise ships, not the one day "cruise to nowhere" type. Cost including airfare starts at bout $400 per person. Considering that also includes your meals, entertainment and room, it's quite a bargain. The cruise lines are banking on your wanting to book a longer cruise the next time.

If you would rather stay on land, try St. Louis for the weekend bargain. Because of competition with TWA, airfare is real cheap. By planning three weeks in advance you're looking at less than $45 round-trip. Put that together with a special $50 per room rate at the Sheraton and you've got a pretty good bargain. Visit the famous arch, take a riverboat ride or just grab a burger at McDonald's floating restaurant.

Even closer to home is our own Chicago downtown hotel rooms that run into the hundreds of dollars during the week, can be had for as little as $50 on weekends, with some including anything from flowers and wine to free dinners and theater tickets. Try the Blackstone at 312-427-4300, the Lenox House at 312-337-1000, the Sheraton Plaza at 312-787-2900 and the Bismark at 312-236-0123 for the best weekend prices. After you're checked into your hotel, walk over to the hot tix booth at 24 State for 1/2 price tickets to your favorite play.

Looking for a real romantic get-away, again close to home? There's a hotel in Northbrook called the Sybaris. The rooms have no phones and no windows. What they do have are things like 28 ft swimming pools complete with waterslide, in your room! You'll also find sunken whirlpool baths, fireplaces, and anything you could think of to spark-up that marriage. Rates are high and rooms must be booked well in advance. Call your travel agent for details.

Harvest time cooking with glass

Autumn...the harvest season of good eating. Whether from garden or orchard, nothing beats fresh fruits and vegetables for flavor and nutrition.

To maintain that flavor and nutrition during cooking, you can't beat glass. That's what made glass cookware an almost instant success when it was introduced 75 years ago, and why it's still popular today. It won't react with foods to alter either taste or color. It cleans out thoroughly, so flavors and odors won't carry over from one meal to the next.

Leftover? Leave them in the glass dish they were cooked in, cover and refrigerate. To reheat, just pop them back in the oven. Today's microwave oven just expands glass cookware's versatility.

To help recall those "good ol' days," here are two cooked-in-glass recipes from Corning's archives. They're sure to be as tasty today as they were then. To help you taste the veggies quicker, we've modified the recipe to take advantage of today's microwave oven.

Carrots and cauliflower with cheese sauce

6 Medium carrots, peeled and quartered lengthwise
1 medium cauliflower, broken into florets
1 Tbl. flour
1/2 tsp. salt
3/4 tsp. dry mustard
1 cup milk
6 oz. sharp cheese, grated
Fresh parsley (for garnish)

Arrange carrots (cut in half if necessary) and cauliflower in layers in a 9-1/2-inch oven-proof glass dish; add a tablespoon of water. Cover with a Corelle Dish and microwave on high for 8 minutes; rotate dish a quarter turn every two minutes. Let stand, covered.

In a one-quart oven-proof glass dish, measure, combine remaining ingredients except cheese and parsley. Stir to mix, then heat on high two minutes, stirring after one minute. Add grated cheese, stir, and heat on high until mixture begins to bubble.

Thoroughly blend the mixture, pour it over the carrots and cauliflower and pop in preheated 350 degree oven for about 10 minutes. Serves four.

Apple crisp

5 cups apples, peeled, cored and sliced
2 Tbls. lemon juice
1/2 cup uncooked oatmeal
2/3 cup sugar
1/4 txp. salt
1 tsp. nutmeg
2 tsps. cinnamon
1/4 cup shortening
1 cup heavy cream, whipped (for topping)

Place apples and lemon juice in a large glass mixing bowl. Stir to coat apples well with lemon juice. Pour coated apples into a well-greased Pyrex 9 1/2-inch oven-proof glassware dish.

In the mixing bowl, combine remaining ingredients except cream, mix thoroughly and spread over the top of the apples. Press down with a spatula.

Bake about 50 minutes at 350 degrees.

Serve hot or cold, topped with whipped cream.

Lambs Celebrates October

Mingle in the beer garden and dance to authentic German "Oompah" music at Lambs Farm's Oktoberfest, Sept. 22, from 11 a.m. to 9 p.m., and Sept. 23 from 11 a.m. to 6 p.m. Lambs Farm is a non-profit residential and vocational community for mentally retarded adults.

The two-day celebration will feature entertainment for the whole family. The Polka Lads, David Shamrock Band and Uncle Jess and the Stardusters will perform on Saturday followed by Jimmy's Bavarians and the Svoboda Trio on Sunday. Everyone will enjoy eating a variety of German specialties including brats, sauer kraut, German pastries and much more.

All of The Lambs' Country Shops will be open for business Oktoberfest weekend including the Country Inn Restaurant, Sweet Street Ice Cream Parlour, the Country Designs Card and Gift Shop, the Country Store and Bakery Nook and Thrift Shop. Lambs' family attractions including the Farmyard and Petting Zoo, Miniature Golf Course, Driving Range and Miniature Passenger Train will also be open.

Admission to the event and parking at Lambs Farm are free. Lambs Farm is located at the junction of I-94 and Rte.176 in Libertyville. For more information about Lambs' Special Events, call (708)362-6774.

'The Nerd'

The Waukegan Community Players will present "The Nerd" on Sept. 27, 28 and 29, at 8 p.m., at the Wixom Theater of Waukegan East High School on Jackson and Washington Sts., Waukegan. Fox Lake resident Mickey Mandel, a resident director for Antioch's PM&L Theatre and Andres Dinner Theatre in Richmond is the show's director. Mandel has also won many awards for local theater groups for her on stage performances.

Healthwatch

Cholesterol screenings

Low-cost cholesterol screenings will be offered on Wednesday, Sept. 26 from 9 to 11 a.m. at Saint Therese Medical Center, 2615 Washington St., Waukegan. These screenings include interpretation of results, educational materials on cholesterol treatment, cardiovascular disease and other pertinent topics. A registered dietitian and other health professionals will be available for questions. A minimal fee will be charged. For more information call (708)360-2392.

Aids support group

The Lake County Health Dept. sponsors an ongoing information and support group for persons who test HIV antibody positive or who have been diagnosed as having ARC or AIDS. The group meets from 7:30 to 8:30 p.m. every Wednesday in Waukegan. It is conducted by the Health Dept.'s Mental Health Div. For more information call (708)546-0080.

Offer nutritional counseling

A registered dietitian/nutritionist from the Lake County Health Dept. is available for consultation to eligible Lake County residents. Individuals may make appointments for the following locations: Mid-Lakes Medical Bldg., 6 E. Main St., Round Lake Park, (708)546-6662; Lake county Health Dept. offices, 3010 Grand Ave., 2400 Belvidere Rd., Waukegan, (708)360-6753. The nutritionist is also available for consultation by telephone, (708)360-6753.

Preventive medicine conference

The second annual Preventive Medicine Continuing Medical Education Conference for Physicians, Allied Professionals and the general public. Sponsored by the Medical Center Health Institute from 10 a.m. to 5:30 p.m. on Saturday, Sept. 22, at Centre Club, 200 W. Golf Rd., Libertyville. For information or registration form call (708)816-6100, ext. 5770.

Distance classic, 10K run

The 14th annual Condell Distance Classic, the 10K Run and other events is scheduled for Sunday, Sept. 23 at Condell Medical Center, 900 Garfield Ave., Libertyville. For a registration form call (708)362-2905, ext. 5275.

Respite care services

Respite care services are provided on an hourly, daily, or weekly basis at Waukegan Adult Day Health Services, Waukegan (708)360-9860, and Victory Lakes Continuing Care Center, Lindenhurst (708)356-5900. Respite care allows those who care for dependent adults at home to take a break from daily routine and recharge their batteries, run errands, or attend to their own health care needs.

Mammography screening service

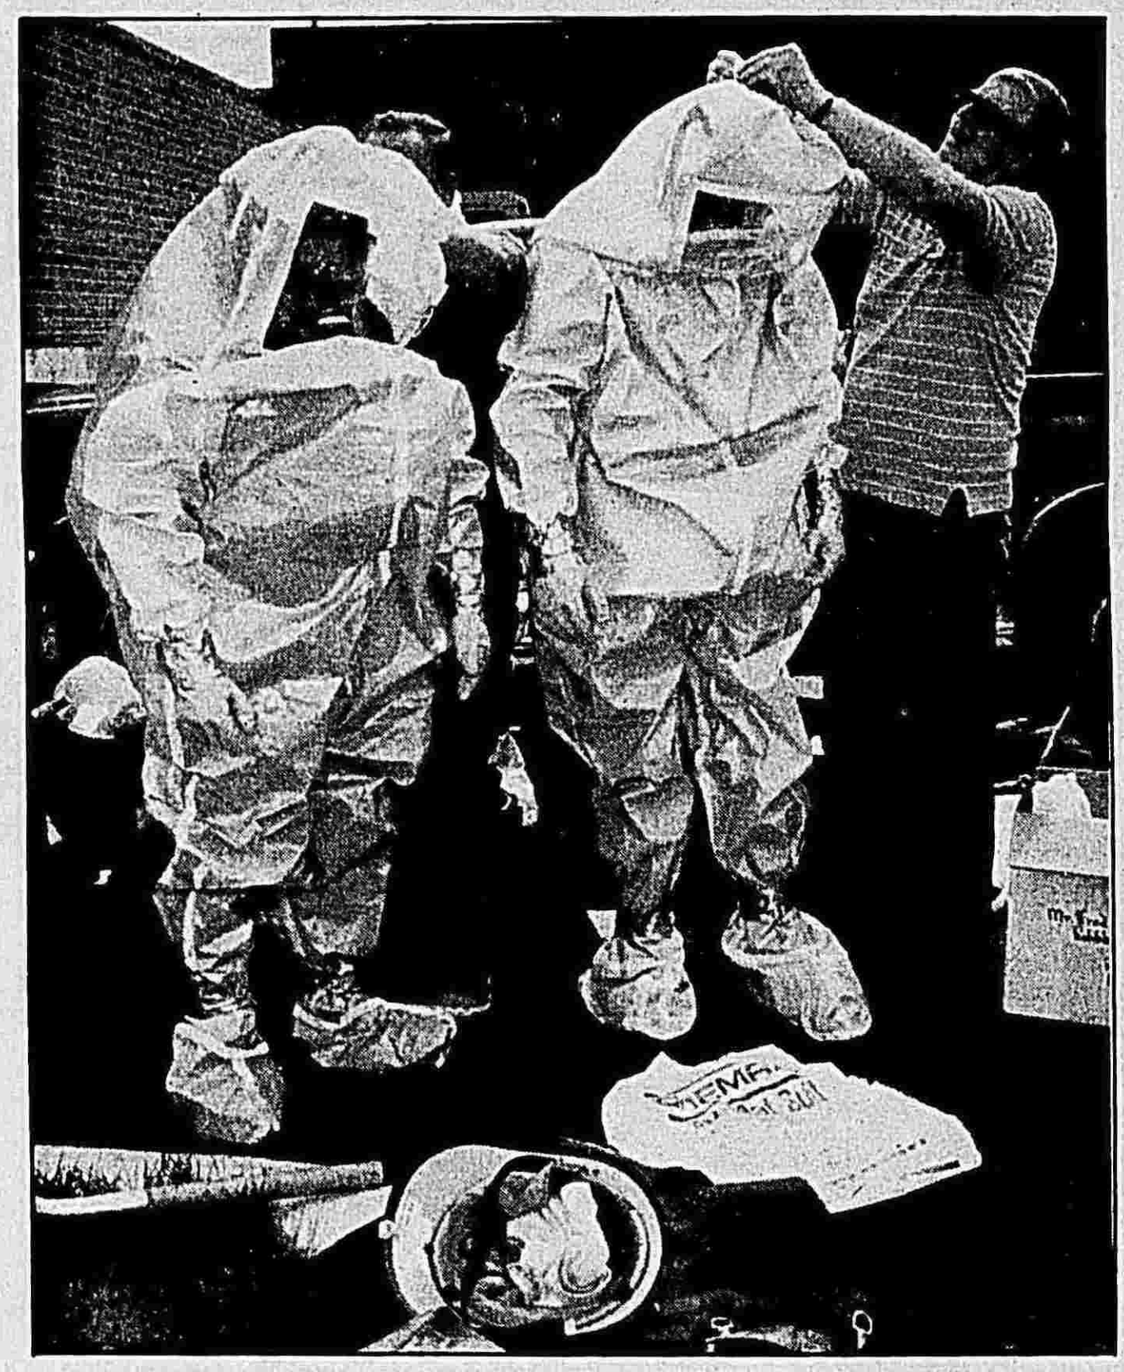

Victory Memorial Hospital's Mobile Mammography Screening Service will be at Venture, Belvidere and Green Bay Rds., Waukegan on Sept. 28; Lathrop Furniture, 6100 7th St., Kenosha, Wis., on Sept. 21. Call 1(800)877-XRAY to schedule a breast cancer screening. Walk-ins available.

Stress is an inside job

A six-week course designed to help participants develop a practical individualized plan for dealing with everyday stresses at Good Shepherd Hospital, 450 W. Hwy. 22, Barrington. Cost is $80. For more information call (708)381-9600, ext. 5403.

Trim Team

A 10-week program at Good Shepherd Hospital, 450 W. Hwy. 22, Barrington, teaches fitness through improved nutrition and regular exercise. Instructors include a dietitian and an exercise physiologist. The class is offered in the Meadow/Prairie rooms of Good Shepherd, from 6:30 to 8 p.m. Mondays beginning Sept. 24. Cost is $95. Call (708)381-9600, ext. 5237 to register.

Prepare for practice

Members of Lake County's Hazardous Materials Response Team, Steve Willard (left) and Steve Grost from the Lake Bluff Fire Dept., prepare for a practice drill by putting on "viton suits," which are equipped with individual breathing apparatuses and are resistant to corrosive materials. The drill was held at Abbott Laboratories' corporate headquarters at Abbott Park, located at the intersection of Buckley and Waukegan Rds.

Metra develops new north line schedule

Metra has developed a new Milwaukee north line schedule which is designed to provide more express trains, hourly mid-day service and additional early morning service.

Specific features of the proposed new schedule are:

•An additional early morning train arriving in Chicago before 7 a.m.

•Improved peak hour express train schedules with service every 20 minutes at most stations during the morning rush hour.

•Hourly mid-day service in both directions between Chicago Union Station and Grayslake.

•The number of weekday trains is increased from 44 to 50.

The schedule changes will require four mid-day trains to lay over in Grayslake for a period of up to one hour and 10 minutes each. To accommodate access to these trains, a track already in existence at Grayslake is being improved and commuter convenience is being met by the construction of a cross-walk from the current platform to a new platform being constructed to service the siding. Some depot improvements will be undertaken to serve the train crews during lay-over.

NO PAYMENTS UNTIL MAY 1991 with Amana®

No downpayment, no payments, no interest until May 1991.

Amana ONE DEAL

NO PAYMENTS UNTIL MAY 1991

This is one hot deal you can't afford to pass up. Get comfortable heating and cooling with convenient consumer financing from one of the top names in the business. Defensive driving habits can minimize accidents

No one ever plans on having an accident. Wile there is not way to assure an accident will never happen, chances of having one can be minimized by developing some simple defensive driving habits.

Drive with caution and courtesy, and keep your car in good running order. These rules of thumb put you in the best possible position to avoid an accident.

It only takes a minute to quickly inspect your tires and make sure the windows and headlights are clean. Start the engine to check gas, oil, water and alternator gauges. Now that your care is ready to take to the road, buckle up.

Let traffic conditions determine your driving speed. Driving too fast or changing lanes needlessly creates potential for accidents. Driving too slow, holding up traffic or being overly cautious also increases the likelihood of an accident. Speed should be adjusted as weather conditions change.

Leave enough separation between your car and the car ahead to assure a safe emergency stop. The rule of thumb should be one car length for each 10 miles per hour of speed, which translates to five care lengths at 50 mph.

Don't argue of the right of way, even if you are right. The satisfaction you might feel at the moment isn't going to mean much when you are faced with a damaged car, hours of filling out forms and days of delay while your car is repaired.

Watch for drivers talking or looking around. Be cautious around parked cars, especially if they are occupied. Your eyes should move about every two seconds and your should check your rear view mirror every five seconds.

Keep good "seeing" habits in mind: Aim high, look a block ahead in the city, a half mile ahead on the highway. Get the big picture, continually check your side a rear view mirrors. Let other drivers know you are there.

Obituaries

Clarence J. Fischer, Sr.

age 78, of Grayslake, IL passed away Wednesday September 12, 1990 at St. Therese Medical Center, Waukegan, IL following a brief illness.

He was born in Rock Falls, IL September 3, 1912 and had made his home in Grayslake for over 38 years. He was a charter member of Shepherd of the Lakes Lutheran Church, Grayslake and president of the Senior Shepherds of the church. A former member of Grayslake Grammar School Board of Directors. He owned and operated Fischers Barber Shop for over 38 years retiring in 1976.

He leaves his wife Esther nee Hildebrand; 1 daughter Denise (Thomas) Simon, Johnsburg, IL; and 1 son Clarence J. (Esther) Fischer, Jr., League City, Texas; 6 grandchildren Rhonda, Ruth and David Fischer and Michelle, Aimee, and Peter Simon; 1 great granddaughter Samantha MorningStar; and 1 sister Jean Jones, Rock Falls, IL.

He was preceded in death by a son Gregory E. Fischer August 5, 1964.

Funeral services were Saturday Sept. 15, 1990 at Shepherd of the Lakes Lutheran Church, Grayslake with Rev. Ross Zeller, Pastor officiating. Interment at Fort Hill Cemetery, Round Lake, IL. Arrangements by Strang Funeral Chapel, Grayslake.

Obituaries

Phyllis E. Marotta

age 73 of Antioch, Illinois passed away Tuesday, September 18, 1990 at her home.

She was born April 15, 1917 in Birmingham, England coming to the U.S. in 1925 to settle in Chicago moving to the Antioch area fifty years ago. She was a member of the Women of the Moose Lodge in Antioch. On April 17, 1939 she married Rocco Marotta in Valpariaso, Indiana.

Survivors include her husband Rocco; two sons Frank (Heather) of Antioch and George (Sue) of Silver Lake, Wisconsin; one daughter Caron (Ivan) Griffith of Laurel, Montana and nine grandchildren.

Funeral services will be held at 10:00 a.m. Friday, September 21, 1990 at the Strang Funeral Home, 1055 Main Street, Antioch, Illinois with the Rev. William Costello of St. Peters Church officiating. Interment will be in Avon Centre Cemetery, Avon Township, Illinois. Friends may call from 4 until 9 p.m. Thursday at the funeral home.

208-27 HAYDEN
Landmark Designs

OVERALL DIMENSIONS: 50' x 44'
LIVING: 2291 square feet
GARAGE: 484 square feet
COVERAGE: 2775 square feet

Conservative brick on the outside, roomy and modern on the inside, the Hayden is well-suited to the needs of a family with older children. And, although 1 1/2 stories provide nearly 2,300 square feet of living space, the home's 50 foot width allows it to fit easily on a narrow lot.

The Hayden's many living areas provide individual privacy while at the same time, the large, sunny country kitchen/family room invites togetherness. The kitchen, with its cooking/eating island and pantry, has plenty of counter and storage space. The rest of the room is spacious enough for a big table, several couches, bookshelves, TV, a woodstove and a computer work/play center.

Ceilings are vaulted in the family room and the living room. A half-round window caps the windows that run nearly the width of the living room, creating a lofty feeling. Side windows brighten the dining room, and a pass-through opening to the kitchen makes serving elegant meals a breeze.

The centrally located half-bath is close to living areas, as well as to the raised double entryway and a double garage large enough for a small workshop. A much larger bath with an elevated spa, serves a master suite complete with walk-in closet and double vanity.

Two bedrooms upstairs share another bathroom, this one with a skylight. A second skylight bathes the utility room in natural light. The airy loft is a bonus room, easily adapted to many uses. Railings along two open sides allow parents, and kids, to safely keep tabs on activities in the living room and family room below.

For a study plan of the HAYDEN (208-27), send $5.00 to Landmark Designs, P.O. Box 2307, Eugene, OR 97402. (Be sure to specify plan name and number when ordering). Designers, Architects and readers with plans they would like to see featured also are invited to contact Landmark.

YOUR HOROSCOPE

by Charles King Cooper

ARIES (March 21 to April 19) There are too many loose ends in connection with a business deal. Avoid taking risks. Someone appreciates your loyalty. Though romantic feelings strengthen, you could become the victim of poor advice in business. Safeguard capital. Avoid taking chances.

TAURUS (April 20 to May 20) A family member appreciates your help. Gains are to be made through work now. Avoid distractions and foolish expenditures. Rely on your own efforts to get things done. Someone to whom you entrust a responsibility could let you down.

GEMINI (May 21 to June 20) You may invest in jewelry or precious metals, but you may be lax about details on the job. Sift through rumors for the truth. An old friend would like you to drop by. Spending could get out of hand in connection with romance or the pursuit of pleasure.

CANCER (June 21 to July 22) Save some money for a rainy day. A family member may exaggerate. Signals between loved ones could be crossed. Watch communications. Not everything you hear today will be true. Others may misrepresent the truth in some way. A bond of friendship grows stronger.

LEO (July 23 to August 22) Carelessness with money could be a problem. Don't misplace keys or other valuables. Career connections pay off for you now. Make sure you follow through on promises in business. Don't take on more than you can handle. You may hear from an old love.

VIRGO (August 23 to September 22) Investigate retirement plans. Business and pleasure mix favorably. Interruptions may interfere with a desire for privacy later. Legal matters are favored, but a friend seems lackadaisical, and is not to be counted on. Avoid loaning money to others.

LIBRA (September 23 to October 22) You may act against your better judgment regarding a job situation. Relations with a loved one improve. A friend may let you down. Work gains accrue, but a loved one seems uninterested. Pleasure-seeking could lead to overspending. Hold fast to ethics.

SCORPIO (October 23 to November 21) You see eye-to-eye with a loved one, but don't goad each other into extravagant moves. A work matter could get you down. Watch reckless promises. Rapport increases with a co-worker. A family member refuses to budge. Evening hours now favor quiet pursuits.

SAGITTARIUS (November 22 to December 21) Impulse buying could lead to unwise purchases. Pleasant news comes early in the week, but later a domestic problem arises. You gain encouragement from a family member. Accent positive thinking. Don't dwell on limitations.

CAPRICORN (December 22 to January 19) It's a good time to express ideas and to contact others, but do refrain from gossiping. Slight inhibitions may arise after dark. Private chats are illuminating. A friend makes an extravagant promise. Be more sensitive to the feelings of a family member.

AQUARIUS (January 20 to February 18) A friendship reaches a turning point over a financial matter. Don't take chances career-wise. A party invitation comes now. Avoid open confrontation with others. You work best from behind the scenes. It's a poor time to ask a favor of a friend.

PISCES (February 19 to March 20) You may feel unappreciated by a higher-up, though welcome support comes in the area of friendships. Say no to a money request. Don't mix business and friendship now. Luck is with you in career interests, but don't push beyond reasonable limits.

CHURCH TALK

Antioch

The congregation of the United Methodist Church of Antioch, 848 Main St., Antioch, invites all to worship with them at 8:30 and 10:45 a.m. Nursery care is provided during both services and there is a coffee hours after each. Holy Community is served the first Sunday of each month. The adult choir sings at 10:45 a.m. On Sept. 23 the guest speaker will be Rev. George Franke, Chaplain, Victory Memorial Hospital, who will be speaking on "How changeable is God?" Church school, with classes for prekindergarten through adult is held at 9:30 a.m. A nursery for infants through 3 years of age is being offered at this time.

Gages Lake

The Gages Lake Bible Church will be hosting the "Missionaries to America" from Sunday, Sept 30 until Wednesday, Oct. 3. They are sponsored by Teen Missions, Intl., and the group includes nine young people from countries around the world: El Salvador, Egypt, Haiti, Indonesia, England, Columbia, USSR, Hungary, and Sweden. They are traveling in the United States for one year presenting the gospel through songs, slides, drama, testimonies, and puppets. The programs are scheduled for 6 p.m. on Sept. 30, and at 7 p.m. on Oct. 1, 2 and 3. The public is invited and a nursery will be available for these services. For more information call the church at (708)223-2923.

Ingleside

Dr. Edgar James, noted author and professor at Moody Bible Institute will be a Fox Lake Baptist Church, 27430 W. Nippersink, Ingleside at 10:40 a.m. on Sunday, Sept. 23. Dr. James is known as an expert on the subject of "Prophecy" which will be his topic at this times, he is also the author of "Day of the Lamb." The morning seminar will be followed by a potluck dinner and then a question and answer time. For further information call Pastor Hanna or the church office at (708)587-7722.

Libertyville

St. Joseph Catholic Church in Libertyville, 121 E. Maple Ave., is forming an inquiry class for anyone considering joining the Roman Catholic Church. The first meeting will be at 7:30 p.m. on Sept. 24 in the Loughry meeting room. For information call Rae Huffman (708)362-3007 or the parish office (708)362-2073.

Antioch

The congregation of the United Methodist Church of Antioch invites all to worship with them at 8:30 and 10:45 a.m. each Sunday. Nursery care is provided during both services and there is coffee hour after each. Holy Communion is served the first Sunday of each month. The Adult Choir sings at 10:45 a.m. Church School, with classes for pre-kindergarten-adult is held at 9:30 a.m. A nursery for infants through children 3 years of age is offered at this time.

Wauconda

The Federated Church of Wauconda, located at Barrington Rd., and Rte. 176 will hold its fall rummage sale Thursday, Sept. 27 from 7 to 9 p.m., Sept. 28 from 9 a.m. to 4 p.m. and Sept. 29 from 9 a.m. to noon. Books, toys, household items and clothing of all sizes will be available. There will be a bag sale on Saturday, Sept. 29. For further information contact Candee Nustra at (815)385-8040 or after 2 p.m. at (708)526-3873.

NATURE'S BOUNTY

Breakfast puffs

2 cups flour
1 Tbl. sugar
1 Tbl. baking powder
1/2 tsp. salt
1/2 tsp. cinnamon
2 eggs
1 cup milk
1/2 tsp. vanilla
1 1/4 cups peeled, cored, and diced apples
oil for deep frying
sugar for coating

Sift together first 5 ingredients; set aside. Beat eggs until light, then add milk and vanilla. Blend in sifted ingredients, taking care not to over mix, than add apples. Heat oil to 375 degrees. Drop batter in by teaspoonfuls and fry on both sides until golden brown. Drain and roll in sugar. Makes 3 dozen puffs.

Apple-filled brunch cake

1 1/4 cups flour
3/4 cup sugar
1 tsp. salt
1 tsp. baking powder
1/3 cup milk
2 eggs
1/2 tsp. cinnamon
1/8 tsp. nutmeg
1/2 tsp. vanilla
1/3 cup margarine
1/3 cup flour
1/3 cup brown sugar
1 peeled, cored, and very thinly sliced apple
2 Tbls. sugar
3 Tbls. margarine
1/2 tsp. cinnamon
1/3 cup chopped pecans

Combine first 10 ingredients in mixing bowl and blend with electric mixer on low speed until all ingredients are moistened. Increase speed to medium and beat 2 minutes. Spread 1/2 of batter in a greased 9 by 9 inch pan; arrange apple slices over batter. Combine remaining 2 Tbls. of sugar and 1/2 tsp. of cinnamon, and sprinkle over apples; spoon remaining batter over all. Combine remaining ingredients and sprinkle over batter. Bake at 350 degrees for 30 minutes.

Zucchini stuffed with tomato

4 zucchini, short and fat
2 Tbls. olive oil
1 clove garlic, crushed
2 Tbls. chopped yellow onion
2 cups diced fresh tomatoes, very ripe
4 Tbls. dry red wine
1/2 tsp. dried dill weed
1/8 tsp. sugar
salt and pepper to taste
1/4 cup freshly grated Parmesan or Romano cheese
1/4 cup dry white wine

Cut both ends from the zucchini and then cut them in half, crosswise through the middle. Scoop out most of the center pulp from one end, reserving the pulp for a later soup. Leave a round tube of squash that is sealed at the other end. Set them aside.

Heat a frying pan and add the oil, garlic, and onion. Sauté until the onion is clear. Add the tomatoes, red wine, dill, sugar, salt, and pepper. Cook for about 5 minutes, or until the tomatoes are limp but not mushy.

Stand the squash baskets on one end in a baking dish just large enough to hold them. A glass pie plate will work well. Fill each with the tomato mixture and top with the cheese. Pour the white wine around the bottom of the baskets and bake them, uncovered, at 400 degrees until tender but firm, about 35 minutes. Serves 8.

Pickled green beans

2 lbs. fresh green beans
1 3/4 cups distilled white vinegar
1 1/2 cups water
3/4 cup granulated sugar
4 tsps. salt
1 Tbl. mustard seed
1 Tbl. whole black pepper
1 (3-inch) cinnamon stick
2 cloves garlic, split
3 medium onions

Wash, trim and cut beans into 2-inch diagonal pieces. Cook, covered, in boiling salted water until tender; drain. Meanwhile, combine vinegar and next 3 ingredients in saucepot; add spices and garlic tied in cheesecloth bag; heat to boiling. Add onions and beans to vinegar solution; bring to boil; simmer 15 minutes.

Remove spice bag. Continue simmering while quickly packing one clean, hot jar at a time. Fill to within 1/2 inch of top making sure vinegar solution covers beans. Cap each jar at once. Process 5 minutes in boiling water bath. Makes 3 pints.

BELL'S APPLE ORCHARD

SPORTS

Opportunistic 'Cats rally, stake claim in NSC

It's an adage as old as the sport itself.

You play like you practice, coaches will say. Games are often not won on Friday and Saturday, but Tuesday and Wednesday.

And as far as the Libertyville football fans were concerned Saturday, they were pleased one player followed the adage of playing as he practiced while another changed his strategy for the better.

The end result was a come-from-behind 13-9 win over Zion-Benton. The victory kept the Wildcats undefeated and tied for first place in the North Suburban Conference with North Chicago.

Senior Aaron Tsevoukas made the key defensive play, a fumble recovery which eventually set up a tricky winning touchdown. His fumble recovery gave Libertyville the ball at the Zion 33 with 5:46 left.

"We hit him (Zion fullback Tim Miller) hard and he started to bobble the ball," Tsevoukas said. "I just [illegible]."

A hustling player, Tsevoukas said a key part of preparation comes from the Wildcats endurance, helps the team prepare for big games. Tsevoukas contributed two solo tackles and six assists against the Zee-Bees.

Tsevoukas was named offensive lineman of the game in the win over Antioch in the season opener as well as the previous week's win over Mundelein.

Libertyville hosts Fenton Sept. 22 at 2 p.m.

Matt Christensen was the leading stopper for Libertyville with six solo and seven assists. He also had an interception.

"We like to use our depth to wear other teams down," he said.

Quarterback John Garwal found Christensen open for a clutch fourth and one pass for 13 yards. Four plays later, Libertyville called on a trick play as Garwal handed off to junior Justin Barnes, who handed back to Garwal, who scampered in untouched on the right side.

"We've been working on the play for two weeks. It has misdirection in it and it has worked pretty well. We have a lot of confidence in it," offensive coordinator Karl Jennrich said.

"In practice, I threw a pass to Matt but it was incomplete and the coaches told me to run the ball," Garwal said.

"It was a well-orchestrated play. They sucked us in," Zion Coach Rich Peterson said.

Zion had dominated for three quarters but only led 9-0 to show for it.

Zion-Benton lost its starting quarterback, Eric Stockton, to injury in the fourth quarter. He suffered what Zion Coach Peterson termed a mild concussion. Reserve QB Andy Burks, a senior, came in, but could not put together a drive in the final 1:44 after the Libertyville go-ahead score.

Penalties, including a key 12-men on the field call, hurt Libertyville's offense throughout the day. The defense met the challenge, first forcing Zion, 2-1, to settle for a 24-yard field goal by Geoff Stephens following a 75-yard drive in the first quarter. Garwal was intercepted by Jeremy Howell to send Zion on its way.

A Zion fumble recovery by Bill Malcolm, who returned it 29 yards, gave Zion a 9-0 lead in the second quarter. The extra point try was missed.

Garwal, a senior, directed the Wildcats offense on a drive in the final minute of the first half. It was capped off by Garwal's two-yard run with :44 left.

Seeking yardage

Libertyville quarterback John Garwal is on the run against Zion-Benton defenders in North Suburban Conference game. Garwal, a senior, scored both Libertyville touchdowns as the Wildcats rallied for 13-9 win. Libertyville, 3-0 in NSC, hosts Fenton Sept. 22. Game time is 2 p.m. - Photo by Steve Young.

Bulldogs withstand Rams' field goal effort

The situation had not presented itself since the first half for Grant football Coach Rob Kruse.

"I didn't want to watch it," Kruse said.

There were some 15 ticks still left on the clock when Grayslake's Mark Corella got ready to tee it up from 24 yards out.

Grant led 14-13 at the time and fortunately for the home team, the kick missed, preserving a come-from behind win for the Bulldogs. The strong second half showing gave Grant its second win in three games, matching its total win output for the 1989 season.

"It was within his range but it should not have come down to that," Grayslake Coach Bill Johnson said.

Indeed, Grayslake led 13-0 at halftime on the strength of two Steve Siedlecki touchdowns, one a one-yard run and another a 10-yard pass from quarterback Jim Silva.

For the crowd which gathered at Lewis Field in Fox Lake for this NWSC contest matching two 1-1 teams, the game may not have been listed as a doubleheader on the schedule, but it might had been.

Grayslake had 123 yards in the first half, 17 in the second. Grant was held to negative yards in the first half but had 147 in the second.

"We changed our blocking scheme and played with more emotion," Kruse said of the difference.

Quarterback Aaron Foszcz completed 61 yards in passing but made the most of them, a 13 yard touchdown strike to Chris Alex and a 22 yarder to Rick Twarowski. A-23 yard pass to Twarowski helped set up the second touchdown.

Brett Morley then proved to be the hero, scoring the two-point conversion try.

"We allowed Grant to dominate the line of scrimmage." Johnson said of the second half.

Grayslake quarterback Tom Culhane suffered from bone chips in the season-opening Batavia game. Jim Silva started, but Culhane played the second half. "We had made a commitment to the kids. It is a day-to-day situation," Johnson said.

Silva, a senior, did not see much action last year. "All we have to do is work with him on throwing the ball. He is a pretty good running quarterback," Johnson said of Silva.

With new names such as Johnsburg and Grant, two teams with a combined 2-18 record last year, now atop the NWSC, some coaches believe the Marian Central dominance ended when the Parseleys and the Hartliebs took their talents to college and the pros.

"Round Lake has been knocking on the door for several years now," Kruse, whose brother is head wrestling coach at Marian Central, said.

Marian Central's 31-14 loss to Round Lake was the first after the team ran away with the NWSC last year.

Grayslake Coach Johnson, whose forces host the Hurricanes Sept. 21, said, "Marian is a little down on talent and the other teams have better programs. Johnsburg and Wauconda have taken good strides," he said.

But the days have not yet come where the Hurricanes are an also-ran.

"I'd rather they'd have won. They'll be looking to restore their reputation," Johnson said.

Panthers swamp 'Canes, host Wauconda next

When an attempt to look into finding another team to replace Marian Central failed two years ago, some Northwest Suburban Conference teams probably were concerned that the Hurricanes dynasty would continue.

But not Round Lake.

The Panthers notched their third win in five years over the Hurricanes in convincing style Friday, 31-14.

Round Lake, which hosts Wauconda Sept. 21, broke open a close 19-14 game with two second half scores.

"Anytime you beat Marian Central, it is a great tribute to a team effort. The score was indicative of how we dominated the offensive line, and the kicking game was as good as it has been," Round Lake Coach Mike Dunn said.

Marian Central quarterback Dirk Stanger, a sophomore, was under pressure the entire night, courtesy of a game plan devised by RL defensive coordinator Pat Coon.

On offense, Aric Rodriquez had his second straight 100 yard game, with 104 yards in 14 tries. Rodriquez played defense in the first contest.

"We controlled the football," Dunn said.

Rodriquez scored two touchdowns, both on runs of seven yards. He started the season with three carries for 29 yards against McHenry and then had 12 carries for 150 yards in a win over Riverside-Brookfield.

Garrett Horn had Round Lake's first and last scores, on a two-yard run and a 45-yard jaunt.

QB Mike Bragg found Terry Bragge open for a seven yard touchdown pass. The Panthers tallied 371 yards in total offense.

Third down was magic for the Panthers this evening in Woodstock. Tom Minkalis caught four passes for 54 yards, three on third-down attempts.

Round Lake's defense will be facing a run-and-shoot offense against Wauconda as the Panthers host the Bulldogs in a Sept. 21 game. The Panthers and Bulldogs have been known for tough contests, as the last two have been decided in overtime and in the fourth quarter. Game time is 7:30 p.m.

Wauconda, 0-1, 2-1, is coming off a 13-6 loss to Johnsburg.

Condell races feature variety for all

Condell Distance Classic runs will feature a race for just about every level of running enthusiast on Sunday, Sept. 23.

The races will be at the Classic Courses in Libertyville at 900 Garfield Ave. Entry fee includes t-shirts to the first 1,200 entrants and runners breakfast after the races.

Sponsored by Condell Medical Center, the races begin with a 5K race walk at 8 a.m. The Centre Club 5K Run also starts at 8 a.m. followed by the one-mile fitness run at 8:45 a.m. The 10K Athletic Congress certified race commences at 9 a.m.

Sponsors also include Lakeland Newspapers.

The 5K race walk is designed for the competitive race walker. Awards will be given to the first 10 male and female finishers in two age categories: 39 years and under, and 40 years and over.

The Centre Club 5K run is for weekend runners and racers, and the 5K event centers around fun and the family. The entry fee is $7. Awards will be given to the first five registered males and females.

The one mile fitness run will be for those who specialize in the shorter distances.

The event that attracts the most runners figures to be the 10K Condell Distance Classic race. Classes will be: 14 years and under; 15 to 19 years; 20 to 24 years; 25 to 29 years; 30 to 34 years; 35 to 39 years; 40 to 44 years; 45 to 49 years; 50 to 54 years; 55 to 59 years; 60 to 64 years; 65 to 69 years; 70 years and over; and heavyweight, more than 200 pounds.

For more information call (708) 362-2906, ext. 5275.

Course records for the 10K for various age categories include: 13 years and under, Kevin Carollo in 34:54 and Erica Chung in 41:27; 14 to 19, Ron Stahl in 32:09 and Greta Beilke in 39:13; 20 to 29 years, Jeff Jacobs in 29:31 and Cindy James in 34:35; 30 to 39 years, Dan Dwyer in 29:34 and Linda Gill in 36:22; 40 to 49 years, Roger Robinson in 32:27 and Nancy Rollins in 38:43; 50 to 59 years: Rev. Norm Green in 32:54 and Sr. Marion Irvine, 40:59; 60 to 69, Warren Utter, Josephine Milesd, 49:04; 70 and over: George Sheen, M.D. in 46:19 and Algene Williams in 51:03.

'Cats spikers enjoy last rally, topple Mustangs

Getting a lead is one thing, but seeing an opponent take it back but still winning is another.

But that is just what the Libertyville girls volleyball team accomplished in downing Mundelein 15-9, 16-14 in a North Suburban Conference match last week.

"We needed to get another win. We started to lose confidence on the court. It was good to lose the lead and comeback and win the match," Libertyville Coach Chris Tryzna said.

The Wildcats are hoping to make a run at the NSC title this fall after finishing in the middle of the pack in 1989. "The seniors have taken on leadership roles they need to take," Trzyna said.

This year's Libertyville team has height and the Wildcats dominated the play at the net in the first game, as the visitors led 14-3 after taking an initial 3-1 advantage.

"We have to learn to focus especially when we have the serve," Tryzna said.

Karyn Becker served for 12 points against the Mustangs as she was 13 of 14 with an ace. Carolyn Cerbus was eight-for-eight with six points.

In spiking, Alison Marquardt was 15-for-17 to lead the attack with four kills and Cerbus was seven-for-seven.

"I was mildly encouraged. But we can't spot a good team eight to 10 points lead and expect to come back," Mundelein Coach Dan Szmykowiak said.

Shauna Kessel had a particularly strong second game for Mundelein, as she finished 10-for-10 in serving with eight points. She also had four blocks. Karen Finerty was 13-for-13 with eight points and Donna Deal was 11-for-12 with two aces and eight points. Deal had seven kills and Kessel had five.

Mundelein rallied after the 11-point deficit to make things interesting in game one, as three service points from Finerty gave the Mustangs a chance to pull to within respectability, as MHS scored on five points to come to within 14-9. But following a Libertyville timeout, the Wildcats won the game with Cerbus serving.

The second game started as the first one did as Libertyville led 4-0 and 7-3.

And a serving streak by Cerbus increased that margin to 12-3.

But Mundelein again came back, this time to actually take a lead. On the serving of junior Jessica Stevenson and Finerty, the gap closed to 13-6. Then it was suddenly 13-9 on Tracey Naumann's serves. The Mustangs gained a 13-13 tie and 14-13 lead with senior Deal serving.

Aker on team

Jason Aker of Lake Villa is a member of the Waterburg College football team. Aker, son of Mr. and Mrs. John Aker, is an offensive linemen for the Knights. Waterburg College is located in Waverly, Iowa.

The Knights are trying to continue a trend of improvement. After a 3-5 campaign in 1988, they were 5-5 last year.

Boosters' efforts pay off

A two-year dream became reality right at 7:30 p.m. as Tony Musur and Johnsburg High Supt. Robert Gough teamed up to flip on the switch, marking the official start of night football at Johnsburg High.

The Johnsburg Booster Club organized the project, raising $38,000 in donations. The steel-poled lights cost $50,000, but the Johnsburg Dist. 12 Board of Education loaned the Boosters the remainder.

"We got great support from the community," Musur, sporting his "Turn on the Lights in 1990" t-shirt, said.

Musur's son, Tony, played four years of football during his high school career on Saturday afternoons.

"People don't have time to go to a football game on Saturday afternoons," Musur said.

The Booster Club heard proposals from three firms and chose Musco Lighting out of Muscatine, Iowa. Representatives from the firm worked the exact angles of the projected lights on a computer in order to guard against dark spots.

JHS, founded in 1978-79, becomes the last school in the Northwest Suburban Conference to add lights.

A group of 19 contributors pitched in $400 or more and belong to the Skyhawk Club. They are: Beam Engineering, Brake Parts, D&D Seawalls, Dr. Tom Frymark, George Hiller & Son, JHS CARES, JHS Classes of 1986 and 1987, JHS Lettermen's Club, Johnsburg Boys Baseball League, Johnsburg Community Club, Johnsburg Junior High Sports Boosters, Johnsburg Lions Club, Jos. H. Heumann & Son Inc., Lee & Ray Electric, Pepsi, Tom Thennes Family, West End Heating and Wonder Lake State Bank.

Those contributing $200 or more and joining the gold club are: Cambridge Courts, Dental Craft Corp., Chuck Dill, Geo. Feund Inc., Chas. Hendrich & Son, Inc., Intermatic Inc., Jim Myers family, McHenry State Bank, Macco Auto Body, Rotary Club of McHenry, Smith Engineering Consultants, Al and Marianna Valentin, and Scott, Nancy and Kurt Valentin.

Booster Club officers are: President John Heilder, who received the key to the lights; Musur as vice--president; Shriley Linn as treasurer; and Karen Parks as secretary.

Carmel, MHS spikers to clash Sept. 24.

Mundelein's girls volleyball team will be hoping to gain a note of revenge when the Mustangs host Carmel Sept. 24.

The Corsairs were the demise of Mundelein last year in the regional, winning two contests as the Carmel contingent was on its way to Sweet Sixteen status.

Mundelein comes into the 4:30 p.m. match off a 2-1-1 record at St. Viator tournament, good enough for fourth place.

Mundelein opened the tourney by downing Lisle 11-5, lost to Lisle 11-5, beat St. Viator 11-9, 11-4 and Rockford Boylan 11-0, 11-5 in pool play.

In the semis, Joliet Catholic downed Mundelein 15-5, 15-7. Lisle came back to top MHS for third place, 15-11,15-11.

Karen Finerty did a good job in setting and Shauna Kessel and Donna Deal led the hitting attack, Coach Dan Szymkowiak said.

Mundelein earlier notched a three-game win over Lake Forest. MHS, 2-1 in the North Suburban Conference, took the first game 15-9, lost the second 12-15 then won the third 15-5.

Task force

LIBERTYVILLE---Three subcommittee chairpersons of the new Lake County Task Force of Affordable Housing were named by Chairman Jeffry Pickus at a meeting Tuesday morning at Cabriolet Restaurant. Marita Mezatis-Stricklen of Abbott Laboratories will head the planning committee; Roger Gatewood, Gurnee developer, wil be in charge of production and Diane Pilibosian, Waukegan, will head up an inquiry into financing. Left to be filled, according to Pickus, are chairmanships of environment and municipal. Meeting monthly, the task force hopes to have a strategy report ready for the Lake County Board by June, 1991. "We're going to look at any and everything that goes into building a home," deelared Pickus.

Pleads guilty

FOX LAKE---A check for $15,000 was received Wednesday by the Chain O'Lakes-Fox River Water Management Agency as restitution in the misappropriation case of Albert Moltrum of McHenry, former director. Moltrum plead guilty to a felony offense and was sentenced to 24 months probation along with the restitution stipulation.

Food store fight

MUNDELEIN—Village officials are trying to break a 10-year covenant on the former Jewel-Osco store property in the downtown area so Eagle Foods can relocate to the vacant building when its lease expires Jan. 1. Former Mayor Colin McRae, who wants to develop the plaza as a min-shopping mall, is trying to discourage this. Village officials led by Trustee Ralph Rohling said a food store is essential to the survival of downtown.

Press thrift scandal

LIBERTYVILLE—Congressman John Porter of the 10th Dist. promised at a forum last Saturday to accompany a citizen, Tim Anderson, to the office of U.S. State's Atty. Fred Foreman with information about incompetency by directors and management of the bankrupt Libertyville Federal Savings and Loan. Anderson said he has more than enough evidence to make the directors liable for repayment of the $25-million it will cost taxpayers for the failed thrift. He wants Porter's help because federal regulators refuse to accept a citizen complaint. Porter has not promised to do anything before the Nov. 6 election.

Hopes for position

NORTH CHICAGO—A North Chicago native is still hopeful that the city will give him a position despite the fact the City Council did not act on his appointment Monday night. "It's politics," Ricky Bobo said. "But they have to do what is best for the city." Bobo has applied for the position of finance director of the city, a post open since a previous candidate rejected the city's offer. The city decided to hire consultants Dieck and Dieck to improve the finance department.

Reservoir bids

GRAYSLAKE—The Village of Grayslake received 10 bids for it's water reservoir project. The project is for the construction of a 3.3 million gallon underground storage tank for holding Lake Michigan water. Joseph J. Henderson won the bidding, with a low figure of $3,506,052.

Pool fundraiser set

WAUCONDA—Many Wauconda area residents will have a chance to win $5,000 with the annual Silver Dollar Splash annual fund raiser for the Wauconda Twp. Swimming Pool Fund. The 'Splash' will take place beginning at 7 p.m. Friday, Sept. 28, at the Concorde Banquet Hall in Lake Zurich. Cocktails begin at 6 p.m. This year's goal is to raise at least $5,000, which will go toward the pool fund that was established 19 years ago.

Search for victim

WAUKEGAN—Despite the efforts of at times more than 25 divers, a Warren Twp. High School student is presumed drowned off the Commonwealth Edison pier in Waukegan. The incident happened at 3:20 p.m. on Friday, Sept. 14 when William Harrington, a Gurnee resident, was swept up in an undercurrent while wading.

Official summons

ROUND LAKE BEACH—On Tues. Sept. 18, Round Lake Beach Mayor Carl Schrimpf, and Village Clerk Donna Langle each received a supeona to appear the the Grand Jury in Lake County on Wednesday, Sept. 26, at 9 a.m. Both Schrimpf and Langle are being supeona'd, because they are the only village officials to have full access to the complete records of the Round Lake Beach TIF (Tax Increment Financing) Dist., known as Mallard Creek.

Recycling starts

WARREN TWP. —After completing its first full month of curbside recycling, Warren Twp. received its first monthly refund check and some good news. "The people of Warren Twp. were able to remove 187 tons of waste that would have previously gone to a landfill," Warren Twp. Supv. Robert Depke said. Depke announced there are 3,279 homes participating in the Waste Management pick-up, which is 78 percent of the households in the township. The refund of $2,279.25 was based on prices paid per ton for various recycable items.

County auction

LIBERTYVILLE---Over 40 cars and 25 vans will be among 600 items of surplus equipment and unclaimed police property will be up for sale at the annual county auction at 10 a.m. Saturday, Sept. 22, at the Lake County Div. of Transportation. Two auctioneers will be selling goods taken in by the sheriff and police from Gurnee, Libertyville, Lake Bluff, Vernon Hills, Warren Township and the Forest Preserve.

Angelotti dies

ANTIOCH — Frank Angelotti, 58, retired village engineer for Antioch, died Saturday in Good Shepard Hospital, Barrington. "We will definitely miss him," Mayor Robert Wilton said during a village board meeting. Angelotti was also founder and president of Applied Engineering Co., a civil engineering consulting firm in Rolling Meadows. In addition to serving as Antioch's engineer, Angelotti held similar posts in Chicago, Park Ridge, Golf, Deer Park, Lincolnwood, Island Lake and Tower lake. He was a Kildeer village trustee for 18 years and a founding trustee of Elk Grove Village. Angelotti is survived by his wife Jackqueline; a son, Dr. Frank W.; a daughter, Carin and two sisters.

OK RV law

VERNON HILLS—New regulations regarding recreational vehicles won approval of the village board Tuesday. Trustees voted 4-2 to adopt the new ordinance. Trustees voting for the law were: Donald Hook, Richard Cashman, Roger Byrne, and James Heier. Voting against were Alvin Israel and Pam Newton.

Why temps are big business in Lake County

According to the National Assn. of Temporary Services, U.S. businesses spent $9.9 billion on temporary help in 1988, averaging more than one million temporary workers on any given workday. Five years earlier, in 1983, the dollars spent and number of workers were less than half that amount. The temporary service industry is experiencing an annual growth rate of 15 percent, certainly a growth industry!

Why do businesses turn to temporary help? Increasingly, companies are planning human resources programs that include the use of temporary help for assistance with work overloads and special projects. More traditional uses of temporary help, to cover for vacationing employees and to help in emergencies, continue to be important reasons to use these services.

The cost of hiring and training employees is so great that many employers find using temporaries for short-term projects more cost-effective. Thus, lower costs and a more flexible staff are among the most important benefits to employers. Statistics show that temporary workers are productive more than 90 percent of the time, while permanent full time employees are productive about 65 percent of the time, indicating that efficiency is also a benefit.

Those who are employed by temporary help service firms find many benefits, it is a good way to re-enter the workforce, to continue working after retirement, for students, to work during vacations and school breaks, to bridge the gap between permanent positions, to develop and enhance skills (many services offer training programs), to work on a flexible schedule, a necessity for many mothers with

Temps

(Cont. from Page 45)

young children, and a pleasant option for retirees, and to try out various types of jobs before making a commitment to a particular job or employer.

Clearly, with increasing need for skilled employees and, in many areas of the U.S., a shrinking labor force, qualified temporaries form an important addition to the work force and will continue to drive the temporary services industry's growth in this decade.

Poor job picture projected for Waukegan/Lake County area

A sluggish job market is in store for the Waukegan/Lake County area in the last quarter of 1990, according to a Chicagoland area survey.

The Employment Outlook Survey for the year-end period of October, November and December is, as usual, buoyed by holiday hiring particularly among wholesale/retail trades. Of the Waukegan/Lake County area companies polled on hiring projections, 13 percent plan workforce increases and 20 percent anticipate staff reductions. The other 67 percent foresee no adjustment in current levels.

Results from one year ago were more promising, as 72 percent expected to add personnel and 10 percent predicted staff cutbacks.

For this fall, employment prospects are most probable in non-durable goods manufacturing and education. Less favorable projections are seen in construction and services.

Nationally, conditions continue to deteriorate as 23 percent of firms interviewed plan to increase hiring, while 11 percent expect workforce reductions. In the year-end quarter last year, 26 percent said they would increase and 9 percent planned cutbacks. However, this data does not suggest the onset of recession.

By industry:

Construction

Although the Construction industry slows to a crawl during the fourth quarter, the present level of anticipated hiring indicates a negative outlook, as 17 percent plan additional hiring but 20 percent say they expect employment declines. The situation is the first negative year-end outlook among construction firms in eight years.

Manufacturing—Durable Goods

At the close of a sluggish year, little hiring enthusiasm is shown. As was the case in the first three quarters, staffing plans are clearly below those of 1987-89. Conditions are more extreme in the Northeast, while Midwest manufacturers anticipate activity close to that of the end of 1989.

Manufacturing—Nondurable Goods

The continuing demand for workers as seen during the past two years is waning in 1990. While 21 percent say their employment will increase, 10 percent intend to decrease job rolls.

Transportation and Public Utilities

A somewhat stagnant employment picture takes a turn for the worse at year-end. Only 17 percent said they would be recruiting new staff and 10 percent anticipate staff declines. Hiring patterns in this industry customarily are not subject to wide swings from year to year, but the present outlook lags behind all other quarters in over seven years.

Wholesale and Retail Trades

Always the most aggressive employers in the year-end holiday season, the Wholesale and Retail Trades are less optimistic than usual. A total of 32 percent say they will add employers and 9 percent plan cutbacks in the upcoming season. Although those who foresee a decline approximate the results in earlier years, the hiring activity is below seasonal expectations.

Finance, Insurance and Real Estate

Beset by industry problems, the Finance, Insurance and Real Estate firms are attempting to maintain present employment levels. Only 14 percent plan further hiring and 11 percent are slimming down their employee rolls. The picture is substantially behind any recent quarter.

Education—Public and Private

Education employers continue a long-term staff rebuilding trend that began in mid-1987. In this seasonally active mid-school year period, 24 percent said they are continuing hiring activities. Only 7 percent plan to decrease staff. While below fourth quarter levels of the past two years, the sector is still one of the most optimistic.

Services

Services firms are once again among the employment leaders, albeit at a level below similar quarters of prior years. In the coming three months, 22 percent intend increasing staff and only 8 percent predict lower employment levels.

Earn Extra Holiday Cash

At Home

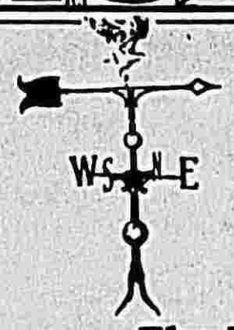

Remodeling kitchens second most desirable

In the remodeling industry, replacing of kitchens is the second most desirable activity, throughout the nation. Many kitchens are replaced for the creation of greater luxury, more room by including room extensions. Other kitchens are remodeled or replaced because of decreased utility.

If the home has an undervalue against the neighborhood surrounding homes, and if the total cost of the kitchen is about 10 percent of the home value, the homeowners will get the new utility and, if the house is put up for sale later, they will probably get their total cost back.

If, on the other hand the home has a value higher than the surrounding homes, the least possible amount should be spent for the kitchen remodeling. When the home is sold, some of the remodeling cost will be lost because of the home's higher value than others in the neighborhood.

Select a contractor by references from friends, neighbors, relatives. If not available, phone PRA and request its member book, which will be sent free of charge. (312)664-6541.

Visit garden for ideas

Landscaping your home is a continual process. Each year choose to take care of one part of the goal. This will prevent wearing out enthusiasm or draining resources. It is important when selecting materials to keep in mind the future while planting today.

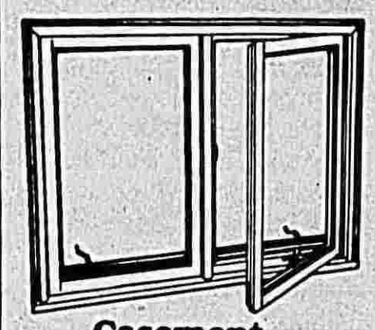

In the months ahead, keep a look out for plants with special fall colors. Consider what will happen in different areas of the garden at different times. When does the material flower and fruit or is it grown for its foliage? Visit the Chicago Botanic Garden for ideas for plant combinations and other ideas to help achieve your landscape goal.

It's the law: only mail goes in mailboxes

Residents may remember the day they walked into a store and paid good money for a mailbox for their home. And, like the rest of the property around their house, they thought it belonged to them.

It does, of course, but what some postal customers don't realize is that every letter box or other receptacle intended or used for the receipt or delivery of mail is designated an authorized depositor for mail under federal law. This means that, legally, except for a single exception, your mailbox must be used exclusively for matter which bears postage.

That single exception is for newspapers which can be placed in the boxes on Sundays and holidays providing they are removed before the next day delivery. Newspaper receptacles attached to the mail box post are permitted.

This ruling also applies to items or matter placed upon, supported by, attached to, hung from, or inserted into a mail receptacle.

What kinds of illegal articles are found in mailboxes? Wedding invitations, birthday party invitations, business advertisements and solicitations for charities are among the many items found, all without benefit of postage.

When letter carriers find such mailable matter, they are required to take it to the post office. The person or firm responsible is then asked to pay postage-due on each piece illegally placed in mailboxes.

This procedure often causes bad feelings on the part of people who say they didn't know the practice was illegal.

But the law which prohibits the placing of unstamped mail in mailboxes is the same law which keeps mailboxes free of extraneous material, helps guarantee the safety of mail that may be in the box waiting for you to pick it up, and assures room in the mailbox for legitimate mail delivery by the letter carrier.

County OKs Loon Lake Special Service District

by GLORIA DAVIS
Lakeland Newspapers

The Lake County Board voted to establish the Special 8 Service Dist. in the Loon Lakes area after a week of deliberation and much controversy between residents that supported the establishment of the district and those that were dead set against the district.

The Lake County Board voted three times, once to accept the states attorney's opinion, 13-7; another passing the ordinance establishing the district, 16-4; and a third time on the levy ordinance, 16-4.

According to Bill Baron of the Lake County Administrator's Office, the next move is to file the $50,000 levy and then the Loon Lakes Management Assn., along with the Lake County Health Dept. will set the first year's budget up. This will be an annual procedure.

Many residents, both pro and con, were at the County Board meeting on Tuesday, each trying to sway the County Board to their way of thinking.

The county's approval sets a precedent in creating the first lakes cleanup service district in Lake County.

This will be a separate taxing body. The county will collect the taxes with approximately $50,000 per year expected from the Loon Lake area, and will appoint residents, most probably from the lake associations in the area, to decide how the money is spent.

County Board member Suzi Schmidt, well-known environmentalist, voted for the district, but she adds, "I think we should have looked into the watershed itself since that's what has the impact on the lake.

Residents of the Eagles Nest Subdivision on the west side of Rte. 83, with Loon Lake on the east side, claimed that their area was put into the district because of the higher tax base their more expensive homes would bring to the district.

Schmidt says Eagles Nest went into the district because it is in the same watershed, ergo lawns fertilized in Eagles Nest could eventually affect the lake through drainage.

Schmidt also said that the county health department would be pleased by the district's establishment because, "The Environmental Health Dept. has only been able to do what they could towards lake cleanup because there was no money available."

Lake County Board Member Jim Fields, one of the seven dissidents, said, "I voted against the district because I feel that the majority of people in the area don't want it."

Fields added, "I feel that the issue was so confusing that even the state's attorney was confused as to how the issue should be handled."

Fields added, "I would have liked to have held off for another two years until we could have been more informed on the matter."

Although reports were that Fields had been for the district at the start, Fields refutes this.

NEUROMAS--A CONSTANT SOURCE OF FOOT PAIN

Morton's neuroma is an incredibly painful condition affecting the foot. A neuroma is a thickening and/or swelling of the sensory nerve of the foot. The pain from neuroma is episodic in nature, at first is usually bearable, a sort of a dull stinging and burning sensation, which radiates to the 2nd, 3rd, 4th or 5th toes. Pain progresses, however, to a sporadic pain of excrutiating level that radiates into the involved toes and feels like it's taking over the entire foot. It is often said that sufferers feel repelled to remove their shoes and to flex and massage their toes rapidly to gain relief.

Treatment of neuromas usually consists of conservative therapy such as alterations to the shoe, cortisone injections to the area, orthotic devices, which are custom arch supports.

If none of these measures work, surgery is the desired course of action and is the most effective in resolving the problem.

Should you experience a dull or severe burning pain in your foot especially in the areas of the base of the toes 2, 3, 4 or 5, please feel free to contact Dr. Lee Tisa for a NO COST CONSULTATION* to discuss your condition.

Fall Foliage

Fall is good time to control lawn weeds

Now is a good time to plan for weed control. Weed control at this time will not only eliminate perennial weeds which have existed for years, but also eliminate weeds which have germinated this past spring and summer.

The plants to concentrate on now are the broadleaf perennial weeds. Examples of these are: dandelion, plantain, and dock. Select herbicides which contain either 2, 4-D, MCPP, dicamba, or a combination. Read and follow directions on the label.

Certain procedures, when followed, can improve the effectiveness of the herbicide. Do not mow the lawn for four to five days before applying herbicide and avoid mowing for another one to days afterwards. If using a spray, do not water for 24-hours after treatment. Also, plan to spray when no rainfall is expected during that time period. The best temperature range for application is between 65 degrees and 85 degrees during the day. The soil should be moist at this time. Fall is a safer time than spring to do week control around ornamentals.

Herbicides can be in the forms of liquids or powders which are mixed with water then applied as a spray. Another approach is to apply a granular herbicide which may be already combined with a fertilizer. The granules are applied to the lawn with a fertilizer spreader. Read the directions on the container carefully. Make sure your spreader is in proper working order and be sure to clean it afterwards.

When applying fertilizer, make sure the amount is correct for the area. Too much nitrogen may burn the lawn and increase the occurrence of some lawn diseases. Too little nitrogen will not encourage the fall growth of the grass to fill in thins areas. Cool season grasses such as bluegrass and fescues grow best when the solid is warm and night temperatures are cool. Uniform coverage of fertilizer is needed for the best overall lawn appearance. Many fertilizers contain some slow release nitrogen. This ensures uniform availability of nitrogen during the fall growing season.

Grassy perennial weeds need to be spot treated. Use a nonselective herbicide such as one containing glyphosphate. Avoid herbicide contact with any desirable material.

Mow bluegrass lawns at a height of 2 1/2 to 3 inches. Weed seeds will have a harder time getting established. The lawn will not only look better but the roots will become stronger and the plant, on the whole, will be less stressed.

Preemergent control, that which stops growth of weed seeds, in general is applied in the very early spring for control of cool season weeds and in mid-spring for control of warm season annual weeds.

Forest Preserve to condemn Epstein property

The Land Acquisition Committee of the Lake County Forest Preserve Dist. rejected a settlement proposal on 427 acres of farmland east of Wauconda which would have preserved over 45 percent of the property as recreational open space using private funds.

The Acquisition Committee instead confirmed its intention to acquire the property through condemnation proceedings, possibly costing the county up to $11 million.

Laurie G. Epstein, a executor and daughter of John H. Epstein, deceased, expressed her disappointment.

"The district's insistence on spending public money for farm property that has little ecological value makes no sense. Under our proposal, the district could preserve the wetlands and provide recreational open space at no cost to the district. I'm certainly not against the concept of open space. In fact, I'm all for it and am very active in a wildlife preservation group. I just feel that landowners should be given the opportunity to cooperate with the Forest Preserve Dist. to achieve mutually satisfactory uses for their property."

The proposal was presented to members of the committee at their meeting on Aug. 31 by the owners and their contract purchaser, Roy D. Gottlieb, a well-known developer in Lake County with a proven track record of ecologically sensitive development. The Epstein proposal includes development of a 150-acre golf course that would be available to the public, the preservation of all major wetlands, a resort conference center catering to private business seminars and conferences rather than off-the-street traffic, and single-family homes averaging half-acre lots around the golf course. The golf course and wetlands would comprise over 45 percent of the 427 acres.

At the condemnation trial, scheduled for the fall, the court will determine the market value of the land based on expert testimony introduced by the district and the owners. The owners expect the value to be close to $11 million based on comparable sales for developable land in the area.
